NEW ITEMS

3. **Address: 524 Meridian Ave**
Project Number: 1593 - DRX
Applicant: George Furchtgott, Designer
Project Information:

A request for Design Review approval for a 522 square foot addition to the rear of an existing 875 square foot single story house located on a corner lot. The proposal also includes plans for a new 429 square foot attached two-car garage. The area for the existing single-car attached garage would be used for the proposed addition. Exterior materials: All existing redwood shingle siding is proposed to be replaced with Hardie shingle siding, proposed windows are wood dual glazed windows, and the proposed roof is fiberglass roofing to match the existing house.

Project plans and related documents are on file in the Planning & Building Department and available for public review. Any person who has a question concerning the nature of an agenda item may call the Planning & Building Department at (626) 403-7220.

NOTICE

General: Pursuant to South Pasadena Ordinance No. 2001, the above projects have been scheduled to appear before the South Pasadena Design Review Board. The date, time, and location of the meeting are indicated on this agenda.

Contents: The contents of this agenda provide information prescribed by §65094 of the Government Code. The Planning and Building Department does not assume any liability to the accuracy of the project description provided. The project description provided is based on application information initially submitted. Reviews may require material change to the initial submittal, which may or may not be reflected on subsequent agendas. Agenda errors and omissions may not necessarily invalidate the occurrence of any scheduled meetings. The project description may not include information such as exterior finishes, method of construction, extent of demolition, or architectural style. Interested or affected party may review the design materials either at the Planning and Building Department at 1414 Mission Street, South Pasadena, and submit written comments regarding any of the above projects to the Department and/or attend the Design Review Board meeting and comment on the projects at the meeting.

Noticing: This agenda is provided in accordance with the noticing requirements of the ordinance. All continued items are posted on subsequent agendas for the Design Review Board renders a continuous period of 60 days or until such decisions. The 60-day review period in which projects expire is indicated below the review type. Future notices are not provided for any continued items. Notices may not be provided for a new item continued to a subsequent meeting due to a lack of quorum. A decision on a project not rendered by the Design Review Board after 60 days shall be forwarded to the Planning Commission for action or considered as inactive and removed from the agenda with no further action. Under certain circumstances and upon agreement between the Planning and Building Department and the applicant, the Design Review Board may continue to review a project after 60 days if material changes to the initial project warrant additional review. The additional review period is subject to initial noticing requirement. Notices may not be provided for projects approved with a condition that they are resubmitted prior to permit issuance. It is the responsibility of any interested party to be kept updated and informed as to the progression of any of the projects listed above.

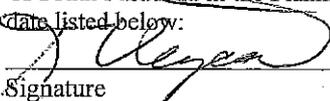

Appeals: Any person who owns real property or resides within 300 feet of any of the above projects aggrieved by a decision rendered by the Design Review Board for the above projects may appeal the decision before the South Pasadena Planning Commission. Appeals must be filed within 15 calendar days of the Board's decision. Appeals should be filed with the Planning and Building Department. Instruction on appeals, forms, and fee schedule may be obtained at the South Pasadena Planning and Building Department, 1414 Mission Street, South Pasadena.

Meeting: Please plan to attend the meeting earlier than your scheduled time, as some projects may require less time than their allotted 15 minute discussion.
