The Planning and Building Department does not assume any liability to the accuracy of the project description provided. The project description provided is based on application information initially submitted. Reviews may require material change to the initial submittal, which may or may not be reflected on subsequent agendas. Agenda errors and omissions may not necessarily invalidate the occurrence of any scheduled meetings. The project description may not include information such as exterior finishes, method of construction, extent of demolition, or architectural style. Interested or affected party may review the design materials either at the Planning and Building Department at 1414 Mission Street, South Pasadena, and submit written comments regarding any of the above projects to the Department and/or attend the Design Review Board meeting and comment on the projects at the meeting.

Noticing: This agenda is provided in accordance with the noticing requirements of the ordinance. The 60-day review period in which projects expire is indicated below the review type. Future notices are not provided for any continued items. Notices may not be provided for a new item continued to a subsequent meeting due to a lack of quorum. Under certain circumstances and upon agreement between the Planning and Building Department and the applicant, the Design Review Board may continue to review a project after 60 days if material changes to the initial project warrant additional review. The additional review period is subject to initial noticing requirement. Notices may not be provided for projects approved with a condition that they are resubmitted prior to permit issuance. It is the responsibility of any interested party to be kept updated and informed as to the progression of any of the projects listed above.
