Solid Waste Community Input Meeting

South Pasadena (Calif.) – City staff have been working with the City’s franchise waste hauler, Athens Services, to update the current exclusive refuse service agreement (Agreement) to include organics collection services required by Senate Bill 1383. Athens Services has provided several options for updating their service levels and Agreement, which was all shared with City Council at the May 17, 2023 City Council Meeting.

To ensure a transparent and collaborative process, City staff and Athens Services are hosting a Community Meeting to discuss the changes to the City’s refuse services, to answer questions from the community, and to solicit feedback. The Community Meeting will be held on Thursday, July 20, 2023 from 6:00 p.m. to 7:30 p.m. at the South Pasadena Library Community Room located at 1115 El Centro Street. All are welcome to attend the meeting including all residential, multifamily, and business customers. To learn more about Senate Bill 1383 and the implementation of the new requirements, visit www.SouthPasadenaCA.gov/OrganicsRecycling.
