Neighborhood Signatures

Dear Neighbors:

We are writing to discuss our plans for an upcoming renovation for our house on 1840 Laurel Street. Recently we had the great joy of welcoming our third child, Alex. His arrival unfortunately means we've outgrown our current 2 bedroom house.

In order to support our growing family, we are adding a second-floor addition to the rear half of the house. It will maintain the Spanish style architecture. Please see the included pictures for reference.

We anticipate starting construction sometime next year once we receive city approval. We will take every precaution to ensure the process is safe and minimally disruptive.

We would greatly appreciate your signature to indicate your support for the project. If you have any questions you can reach out to us at any time.
