September 3, 2025

Honorable Mayor, Councilmembers, and the Residents of the City of South Pasadena,

The Finance Department is pleased to present to the City Council the City of South Pasadena's (City) Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. The ACFR is intended to provide readers with a clearly articulated, user-friendly reporting of the City's financial affairs. Within the ACFR, readers will find reporting on all funds and account groups for the City. This report consists of management's representations concerning the finances of the City. As such, management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive internal control framework it established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable assurance, rather than absolute assurance, that the financial statements are free of any material misstatements.

State Law requires the City to prepare an annual financial report. This report fulfills that obligation. CliftonLarsonAllen LLP, an independent firm of certified public accountants, has issued an unmodified opinion on the financial statements of the City for the year ended June 30, 2024. The independent auditors' report is located at the front of the financial section of this ACFR. The ACFR has been prepared in conformity with Generally Accepted Accounting Principles (GAAP) and the financial reporting requirements prescribed by the Governmental Accounting Standards Board (GASB). These reporting requirements specify that management provide a narrative introduction, overview, and analysis to accompany the financial statements in the form of a Management's Discussion and Analysis (MD&A). The MD&A, which immediately follows the independent auditors' report, complements this letter of transmittal and should be read in conjunction with it.

# Profile of the City of South Pasadena

The City is located approximately six miles northeast of downtown Los Angeles, on the west side of the San Gabriel Valley between the cities of Pasadena, San Marino, Los Angeles and Alhambra and has a population of 26,943<sup>1</sup>. Founded in 1874 by the Indiana Colony, the City was incorporated

as a General Law city of the State of California on March 2, 1888.

South Pasadena is known for its treelined streets, historic California Craftsman-style homes, unique small businesses and its outstanding public schools. This small-town atmosphere makes South Pasadena one of California's most desirable locations. South Pasadena has quality education, a strong religious community, an extensive network of parks and a rich architectural heritage. Dynamic civic organizations, a population of ethnic and cultural diversity, and a vital

seniors' group further enrich the small-town quality of life. Small, proud and independent, the City of South Pasadena has battled for a hundred years to preserve its status as a distinct—and distinctive—community.

South Pasadena is a full-service general law city that operates under the Council-Manager form of government. The City Council consists of five members elected to four-year staggered terms of office. The Mayor is selected from the City Council members and serves a one-year term. The City's other elected official is the City Treasurer who serves a four-year term of office.

The City provides a full range of services, including police and fire protection; the construction and maintenance of streets and other infrastructure; sewer services; water utility; public improvements; planning and zoning; recreational activities and cultural events; library operations; and general administrative and support services.

# **Annual Budget and Budget Control**

The annual budget serves as the foundation of the City's financial planning and control. The City Council holds public hearings and adopts an annual budget resolution by July 1 of each fiscal year for all funds and account groups. The City Council may modify appropriations with majority approval. The budgets are adopted and presented on a basis consistent with generally accepted accounting principles.

Changes in budget appropriations at the fund level during the year must be approved by the City Council. The legal level of expenditures is controlled at the fund level, and appropriations lapse at

https://data.census.gov/profile/South Pasadena city, California?g=160XX00US0673220; visited 9/2/2025

<sup>&</sup>lt;sup>1</sup> Per United States Census Bureau:

the end of each fiscal year unless encumbered for re-appropriation by the City Council in the following fiscal year. Re-appropriation by the City Council only occurs for multi-year infrastructure and capital projects. Department heads may, without Council approval, amend individual line items within their departments, within the same fund and only within the maintenance and operations portions of the budget, without increasing total appropriations. Certain funds have no budget adopted as noted in the Supplementary Information section of the ACFR. The City Manager may, without Council approval, amend individual line items within any fund, and between divisions and programs, in the personnel costs, maintenance and operations, capital outlay and capital projects portions of the budget without increasing total appropriations for that fund.

# **City History**

In early 1874, the area that is now South Pasadena was a part of the San Gabriel-Orange Grove Association. In 1875, the stockholders of the association voted to name their town Pasadena and just three years later, residents living in the southern portion of Pasadena considered themselves South Pasadenans.

In February of 1888, in order to control their own territory, South Pasadenans voted eighty-five to twenty-five for incorporation. A board of trustees were elected, and Ammon B. Cobb was appointed as the first marshal, with Marshal B. Selmen as his deputy.

On March 2, 1888, South Pasadena officially incorporated with a population of slightly over 500. The City's boundaries established in 1889 are essentially the same today. South Pasadena consists of 3.44 square miles of prime residential property. In 1876, unimproved land with water was selling from \$75 to \$150 an acre. Today a vacant lot in South Pasadena can be sold for more than \$200,000.

Few cities in California are better recognized for the quality of its small-town atmosphere and rich legacy of intact late 19th and early 20th century neighborhoods and residences. South Pasadena also has a strong claim to having the oldest and most historic sites in the San Gabriel Valley. For many centuries, its adjacency to a natural fording place along the Arroyo Seco had served as a gateway to travel and commerce for aboriginal peoples here and along the coast. It was here that Hahamognas greeted Portola and the missionaries who later established the San Gabriel Mission a few miles to the west.

The initial buildings on the Rancho San Pascual, which subsequently gave birth to the Cities of Pasadena, South Pasadena and Altadena, were built here. The first of these adobe structures became headquarters for General Flores and his staff in 1847, where they agreed to surrender to American forces, ending Mexican Colonial rule in California.

In 1888, South Pasadena incorporated the southern portion of the Indiana Colony and land south and eastward to the Los Angeles border, becoming the sixth municipality in Los Angeles County. With the establishment of the Raymond Hotel and the Cawston Ostrich Farm, the small community was able to attract tourists and increasingly large waves of new residents to the Pasadena area in the late 19th and early 20th Centuries. With the completion of the Pacific Electric Short Line, putting the entire city within easy walking distance of the "red car" stations, South Pasadena also became one of the first suburbs of Los Angeles. It is now certainly one of the best-preserved cities, maintaining a small-town quality and humanity in the scale of its buildings, its residential streetscapes and historic commercial core.

-iii-

# **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the environment within which the City operates.

# **Local Economy**

For the fiscal year ended June 30, 2024, the City continues to recover from the impacts due to the COVID-19 pandemic and the continuation of a slowly growing economy. During the fiscal year ended June 30, 2022, the City, the greater Los Angeles region and the State of California, were disbursed their share of State and Local Fiscal Recovery Funds (SLFRF). These Funds were authorized by the American Rescue Plan Act (ARPA) and created a one-time federal grant for pandemic response and recovery. A total of \$6,059,235 State and Local Fiscal Recovery Funds were received by the City. These funds provided an opportunity for the City Council and the community to provide input on priority and opportunity uses of the funds to alleviate and shift some reliance on the General Fund. The City Council provided direction to staff on the allocation and prioritization of the funds which continue to be utilized during the fiscal year ended June 30, 2024.

The four largest sources of revenue to the City's General Fund are property taxes, utility users' taxes, sales taxes, and charges for services. Property taxes make up 50% of all General Fund revenues. Utility users' taxes (UUT) make up 10% of total General Fund revenues. Sales taxes make up 15% of total General Fund revenues. Charges for services make up 11% of the total General Fund revenues.

The top four revenue sources represent approximately 86% of the General Fund revenues. Historical data indicates that the City's General Fund is becoming more reliant on these four revenue sources.

Property taxes are the City's largest tax source and make up approximately half of the General Fund revenues. The City experienced a net taxable value increase of 5.38% for the 2023/24 tax roll which is in line with the annual growth rate of 5.73% over the past 10 years. The assessed value increase between 2022/23 and 2023/24 was \$333 million. Growth in home sales remained strong through June 2024. The City, like many neighboring cities, saw median price increases due to competitive interest rates, high demand, and limited properties for sale. Sales price increases in 2022 were reflected on the 2023/24 tax rolls. Tracking activity into fiscal year ended June 30, 2025, concerns over rising interest rates and inflationary pressures are decreasing the volume of home sales. For many locales, median prices have waned slightly in recent months, but still represent increases in sale price when compared to the prior year. Moreover, the City's proximity to commercial and cultural developments in greater Pasadena offers our residents distinct lifestyle advantages. The City's assessed values and property taxes are expected to continue performing strongly as the general economy improves. Data also show that the City retains \$0.24 for every dollar of property tax collected within the City, while new cities receive only \$0.05-\$0.10 for every dollar of property tax collected within their city boundaries.

The Sales Tax is the second largest revenue source for the General Fund, at \$6.0 million. The major industry groups that contribute to this revenue are restaurants, state and county pools, general consumer goods, food and drugs, and fuel and service stations. The statewide sales tax trends show a decrease of 1.0% in sales taxes for fiscal year 2023-24 compared to the prior year. Looking ahead, various industries will grapple with challenges like labor costs, inflation, inventory issues, and competition. Sales taxes are expected to increase slightly in fiscal year 2024-25 by 1.7%, with limited expansion anticipated in following years.

Overall, the City remains in satisfactory financial condition due to these stable revenue streams and also is able to keep revenues in line with expenditures by its perpetual adoption of the fee schedule which is tied to changes in the Consumer Price Index (CPI).

# Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, error and omissions; injuries to employees and natural disasters. The City utilizes a combination of self-insurance and excess insurance to address these concerns. The City's primary coverage provider is Public Risk Innovation, Solutions, and Management (PRISM). The purpose of this organization is to provide a form of liability, workers compensation and property coverage.

For general liability claims, the City has a self-insured retention of \$100,000, losses exceeding the self-insured retention limit up to \$4.9 million per claim are recovered a risk pool through PRISM. Reinsurance coverage in excess of the pool layer up to \$25 million is purchased through PRISM. PRISM retains responsibility for claims in excess of each member's self-insured retention.

For workers' compensation claims, the City has a self-insured retention of \$125,000, losses exceeding the self-insured retention limit up to \$5,000,000 is provided by PRISM. PRISM participates in an excess pool which provides coverage from \$5,000,000 to \$50,000,000 and purchases excess insurance above \$50,000,000 to the statutory limit. Additional information on the City's risk management activity can be found in the notes to the financial statements.

# **Pension Obligations**

The City contributes to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee defined benefit pension plan for its employees. Each year, an independent actuary engaged by the pension plan calculates the amount of the annual contribution that the City must make to the pension plan to ensure that the pension plan will be able to fully meet its obligations to retired employees on a timely basis.

As a matter of policy, the City fully funds each year's annual required contribution to the pension plan as determined by its funding policy. The unfunded actuarial liability associated with employee services rendered to date is being systematically funded over a set number of years for safety and miscellaneous employees as part of the annual required contribution calculated by the actuary. The City also provides postemployment health care benefits for certain retired employees. Most recently, the City updated its retiree health contribution to the Public Employees' Medical & Hospital Care Act (PEMHCA) minimum. Additional information regarding the City's pension arrangements and postemployment benefits can be found in the notes to the financial statements.

The City offers one of the lowest pension formulas (2% at 55 for Non-Safety staff and 2% at 50 for Safety staff) which has kept the City's liability low compared to Cities who pay 2.5%, 2.7% or even 3.0% at 55. Nonetheless, the City must bear the cost of increased payments to PERS over the next five years at least. Further, it remains unclear how PERS management decisions will impact the City in the future. Investment funds continue to fluctuate from projected returns and required annual contributions are based on actuarial reports with a one year lag between the valuation date and the start of the contribution fiscal year. Many cities are hiring independent actuarial consultants to better analyze future impacts and plan appropriate strategies.

# **Retiree Health**

In FY 2021-22, the City reduced its retiree healthcare contribution for all employees hired after July 1, 2020. The future retirees will receive a medical benefit equal only to the PEMHCA minimum. By reducing the retiree health contributions for future employees from \$625/month to the PEMHCA minimum (currently \$157/month for calendar year 2024) the City will see significant long-term savings and substantially reduce the City's unfunded liabilities.

During FY 2021-22, the City established an Other Postemployment Benefits Trust Fund with monies from the sale of the City's cell tower lease contract and Designated General Fund Reserves. The investments held in the Trust Fund will pay for some of the future postemployment benefits costs.

# **Cash Management Policies and Practices**

Cash temporarily idle during the year was invested in accordance with the City's approved Investment Policy. The policy affords a broad spectrum of investment opportunities, as long as the investment is deemed prudent and permissible under currently effective legislation of the State of California and other imposed restrictions. Criteria for selecting investments and the order of priority are: safety, liquidity and yield. The cash management system of the City is designed to accurately monitor and forecast expenditures and revenues, thus ensuring the investment of monies to the fullest extent possible. Attempts are made to obtain the highest yields available as long as investments meet the criteria required for safety and liquidity.

Internal Controls. The management of the City is responsible for establishing and maintaining an internal control structure to ensure that the assets of the City are protected from loss, theft or misuse, and to ensure that adequate account data is compiled for the preparation of the annual budget and annual financial statements, in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control structure should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits require estimates and sound judgments by management.

# **Independent Audit**

For the fiscal year ended June 30, 2024, the City's financial statements were audited by the certified public accounting firm of CliftonLarsonAllen LLP to ensure that the financial statements of the City were free of material misstatement. As part of their engagement, the auditor performed the following: a) examined activities, documents, and disclosures used to create the financial

statements, b) assessed the accounting principles used by management, and c) evaluated the overall financial statement presentation.

The results of the audit, as stated in the independent auditor's report, are as follows: Financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2024.

In this, it is management's goal to provide readers and citizens with an accurate depiction of the financial standing and activities regarding the City. Please reference the MD&A section of this report for a more complete and detailed accounting of financial performance for the fiscal year ended June 30, 2024.

# **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of South Pasadena for its ACFR for the fiscal year ended June 30, 2023. The Certificate of Achievement for Excellence in Financial Reporting is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement for Excellence in Financial Reporting, the City published an ACFR that goes beyond the minimum requirement of GAAP and demonstrates the spirit of transparency and full disclosure that ensures users of the financial statements have the necessary information to assess the City's financial health.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. The City has received a Certificate of Achievement for Excellence in Financial Reporting for many years starting with the fiscal year ended June 30, 1987.

The ACFR stands as a testament to the dedication, expertise, and unwavering commitment exhibited by staff of the Finance Department. This document's completion was made possible through their diligent effort and support. We extend our heartfelt appreciation to all department members who actively participated and contributed to the preparation of the report.

We also wish to express our gratitude to the Finance Commission, City Treasurer, City Manager, and the entire executive team for their steadfast support of the City's financial operations in the past fiscal year. Additionally, we acknowledge the Mayor and Councilmembers for their consistent adherence to the highest standards of professionalism in the management of the City's finances. Their collective efforts have been instrumental in ensuring the financial well-being of our city.

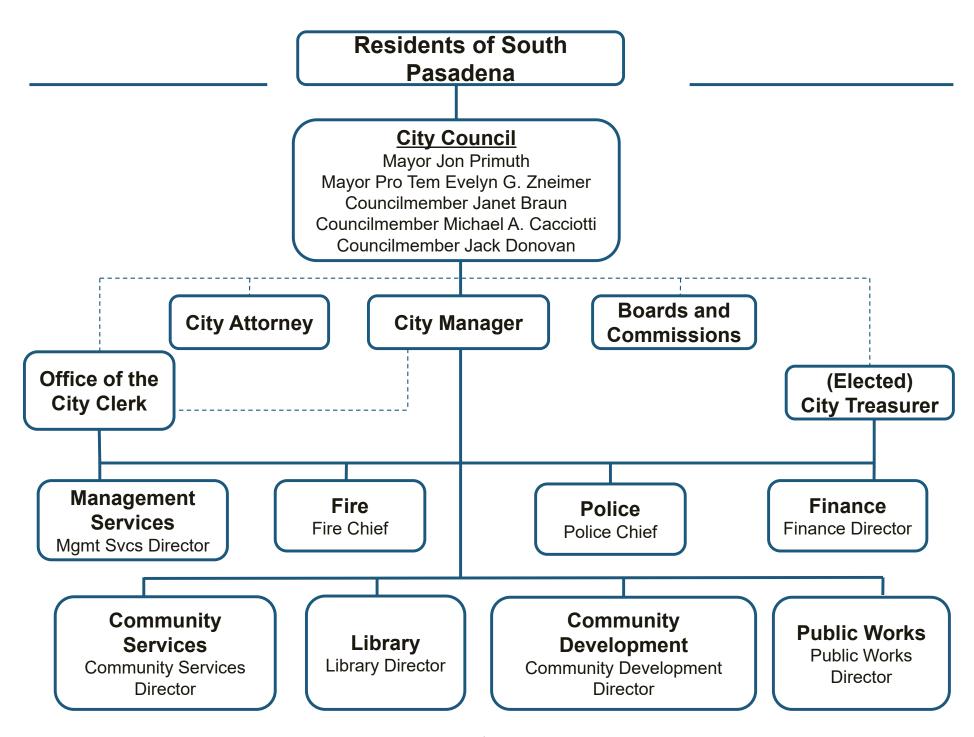

Finally, thanks are extended to the firm of CliftonLarsonAllen LLP, for their contributions towards improving our financial reporting and year end processes.

Respectfully submitted,

## INDEPENDENT AUDITORS' REPORT

Honorable City Council of the City of South Pasadena South Pasadena, California

# Report on the Audit of the Financial Statements *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South Pasadena, California (the City), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Emphasis of Matter

### Restatements

As described in Note 14 to the financial statements, the City restated the beginning net positions and fund beginning balances. Our opinions are not modified with respect to this matter.

# Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, General Fund budgetary comparison, the schedules of proportionate share of net pension liability and related ratios as of the measurement date; the schedules of plan contributions; and the schedule of changes in the total OPEB liability and related ratios, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual fund statements and schedules (supplementary information) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 3, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

# CliftonLarsonAllen LLP

Irvine, California September 3, 2025

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

# **Management's Discussion and Analysis**

The Management Discussion and Analysis provides a narrative overview and analysis of the financial activities of the City of South Pasadena (the City) for the fiscal year ended June 30, 2024. As management of the City, we encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal and the City's financial statements.

# (A) Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$128,429,327. Unrestricted net position in an amount of \$23,772,812 is primarily due to the City recording the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, and information about the fiduciary net position of the City's CalPERS plans per GASB Statements No. 68 and 71 and 75.
- The City's total net position increased from \$119,478,678 as of June 30, 2023 to \$128,429,327 as of June 30, 2024 for a total increase of \$8,950,649.
- At the close of the current fiscal year, the City's governmental funds reported combined fund balances of \$48,021,190, an increase of \$6,836,891 from the prior year. Of this amount, \$17,162,911 or approximately 36% of total fund balances are available for spending at the City's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$17,719,683, or 55% of the total General Fund Expenditures.
- The City's net investment in capital assets decreased from \$85,124,243 as of June 30, 2023 to \$84,343,732 as of June 30, 2024 for a total decrease of \$780,511 from the prior fiscal year due primarily to annual depreciation.

# (B) Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial

# Management's Discussion and Analysis Basic Financial Statements Required Supplementary Information Notes to the Financial Statements Statements Statements Detail

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows/inflows of resources, and liabilities, with the difference between these items reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, with the use of the accrual basis of accounting, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned, but unused vacation leave).

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 44 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered to be a major fund for the purposes of this report. Data from the other 43 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these *non-major* governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund and each of its special revenue funds. A budgetary comparison statement has been provided for each governmental fund to demonstrate compliance with this budget. The budgetary comparison statement for the General Fund is located in the basic financial statements; the budgetary comparison statements for the non-major governmental funds are presented in the Additional Financial Information section of this report.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

**Proprietary funds.** The City maintains two types of proprietary funds: enterprise fund and internal service fund. The enterprise fund is used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the operations for its water and sewer utilities, and the municipal golf course. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The internal service fund is used to accumulate and allocate costs internally among the City's functions for general liability and workers' compensation insurance. Because the internal service operations benefit both governmental and business-type functions, they have been proportionally allocated and included within the governmental and business-like activities in the government-wide financial statements. Individual fund data for the internal service fund is provided in the form of combining statements in this report.

**Fiduciary funds.** The City maintains one type of fiduciary fund, a private purpose trust fund. *Fiduciary funds* are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs. The City uses one type of fiduciary fund, a private purpose trust fund, to account for the assets and liabilities of the former Community Redevelopment Agency.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits and other post-employment benefits to its employees. Required supplementary information can be found in the notes to the financial statements.

The combining statements referred to earlier in connection with non-major governmental funds together with information are presented immediately following the notes to the financial statements.

### (C) Government-wide Financial Analysis.

Net position may serve as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$128,429,327 as of June 30, 2024. This represents an increase of \$8,950,649, or 7%, from the prior year, primarily due to an increase in unrestricted assets, which consists of investments.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

# City of South Pasadena Net Position As of June 30, 2024 and 2023

	Governmen	tal Activities	Business-Ty	pe Activities	Total			
	2024	2023	2024	2023	2024	2023		
Current and other assets	\$ 63,332,376	\$ 56,205,463	\$ 46,973,827	\$ 41,062,712	\$ 110,306,203	\$ 97,268,175		
Capital assets, net	55,855,277	56,286,150	82,375,337	84,548,150	138,230,614	140,834,300

Deferred outflow of resources	19,713,736	21,745,356	5,813,594	6,543,874	25,527,330	28,289,230		
Long-term liabilities	57,177,904	55,214,017	59,828,775	62,665,598	117,006,679	117,879,615		
Other liabilities	11,337,508	14,450,070	4,419,359	4,013,535	15,756,867	18,463,605		
Total liabilities	68,515,412	69,664,087	64,248,134	66,679,133	132,763,546	136,343,220		
Deferred inflow of resources	11,931,556	9,545,040	939,718	1,024,767	12,871,274	10,569,807		
Net investment in capital assets	54,539,590	55,139,529	29,804,142	29,984,714	84,343,732	85,124,243		
Restricted	19,180,500	14,896,784	1,132,283	164,055	20,312,783	15,060,839		
Unrestricted (deficit)	(15,265,669)	(15,008,471)	39,038,481	34,302,067	23,772,812	19,293,596		
Total net position	\$ 58,454,421	\$ 55,027,842	\$ 69,974,906	\$ 64,450,836	\$ 128,429,327	\$ 119,478,678		

Capital Assets are by far the largest category of the City's net position; \$84,343,732 or 66% reflects its investment in non-liquid capital assets (e.g. land, infrastructure, buildings, and equipment). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

The second category of the City net position of \$20,312,783 represents special revenue resources that are subject to external restrictions on how they may be used. Restricted assets increased by \$5,251,944, or 35%, which includes funding received through the American Rescue Plan Act (ARPA) designated for specific uses by City Council.

The unrestricted net position shows a positive balance of \$23,772,812, which is an increase of \$4,479,216, or 23%.

# **Governmental Activities and Business-type Activities**

The City's governmental current assets are \$63,332,376, which is an increase of \$7,126,913, or 13%. Capital assets stayed relatively flat at \$55,855,277, which is a decrease of \$430,873, or (0.8%). Current assets increased due to more cash on hand, while capital assets remained consistent over the prior year.

The City's business-type current assets increased to \$46,973,827 from \$41,062,712 in 2023, or 14%, primarily due to more cash on hand. The City reported a net decrease of \$2,172,813 in capital assets due to an increase in current year depreciation.

Governmental activities' net position increased by \$3,426,579 to \$58,454,421, or 6.2%, due to increases in operating grants and contributions for general government, property taxes, and decrease to general government expenditures.

The City's Business-type activities' unrestricted net position increased to \$39,038,481, or 13.8%. Total net position for these funds is \$69,974,906, an increase of \$5,524,070, or 8.6%, over the prior year due to increase in unrestricted assets.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

The table below provides the same type of information found in the Statement of Net Position, but offers more detail in the form of a Statement of Cash Flows and Change in Net Position.

City of South Pasadena Change in Net Position For the Years Ended June 30, 2024 and 2023

# (D) Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

# **Governmental Funds**

The focus of the City's governmental funds is to provide information on near-term inflows and outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

# City of South Pasadena Change in Fund Balances As of June 30, 2024 and 2023

	2024	2023
Assets:		
Cash and Investments	55,530,773	47,756,664
Receivables	5,355,680	4,064,848

Deposits Payable	1,864,632	1,447,995
Due to Other Funds	535,758	1,923,033
Unearned Revenue	1,477,565	4,940,581
Total Liabilities	7,597,191	11,650,614
Deferred Inflows of Resources:		
Unavailable Revenues	963,739	-
Future Revenues	4,053,275	-
Lease Related	976,885	1,114,450
Total Deferred Inflows		
of Resources	5,993,899	1,114,450
Fund Balances		
Nonspendable	68,800	37,940
Restricted	19,075,636	14,896,784
Committed	11,531,745	9,211,105
Assigned	182,098	122,548
Unassigned	17,162,911	16,915,922
Total Funds Balances	48,021,190	41,184,299
Total Liabilities, Deferred Inflows		
of Resources and Fund Balances	61,612,280	53,949,363

As of June 30, 2024, the City's governmental funds reported combined ending fund balances of \$48,021,190, an increase of \$6,836,891, or 16.6%, from the prior fiscal year. Approximately 36% of fund balances constitute the unassigned fund balance, which is available for spending at the City's discretion. The remainder of the fund balance is either restricted for projects undertaken in the Special Revenue Funds (40%), committed by City Council action for specific purposes (24%), or represents net position that are non-spendable resources (0%). As previously noted, ARPA funds make up a significant portion of the increase in Governmental Fund Balance.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

### **General Fund**

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$17,719,683, while the total fund balance reached \$25,158,932. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance represents 55% of General Fund expenditures, while the total fund balance represents 78% of that same amount.

The fund balance of the City's General Fund increased by \$5,837,577, or 23%, as of June 30, 2024. This was the result of overall increase in revenues, offset by an overall greater decrease in expenditures and Transfers Out.

# **General Fund Budgetary Highlights**

The City adopts annual appropriated operating budgets for its governmental funds (General Fund, Special Revenue and Capital Projects Funds) and reports the results of operations on a budgetary comparison basis. The City also uses annual financial plans as a management tool for its enterprise funds, although the City does not report the results of these funds on a budgetary comparison basis.

In preparing its budgets, the City attempts to estimate its revenues using realistic, but conservative, methods so as to budget its expenditure appropriations and activities in a prudent manner. As a result, the City Council adopts budget adjustments during the course of the fiscal year to reflect both changed priorities and availability of additional revenues to allow for expansion of existing programs. During the course of the year, the City Council amended the originally adopted budget for various additional programs.

# City of South Pasadena General Fund Budget to Actual

	FY 2023/24	FY 2023/24
	Budget	Actuals

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

The General Fund reflected a net total favorable budget variance of \$8,675,282 when comparing actual amounts to the final budget for the current fiscal year. This budget variance reflects a favorable variance in revenues of \$253,292, a favorable variance in total expenditures of \$8,001,969, and a favorable variance in other financing sources (uses) of \$420,021. The favorable budget variance is due to a decrease in departmental expenditures across multiple expenditure categories such as salaries and benefits, and contractual and professional services.

# **Capital Asset and Debt Administration**

**Capital assets.** The City's net investment in capital assets for its governmental activities and business-type activities as of June 30, 2024, amounts to \$54,539,590 and \$29,804,142 (net of accumulated depreciation), respectively. This investment in capital assets includes land, buildings, park improvements, roadways, vehicles, computer equipment, furniture, other equipment, and construction in progress.

Additional information on the City's capital assets can be found in Note 3 in the Notes to Financial Statements section of this report.

**Long-term liabilities.** As of June 30, 2024, the City had total liabilities outstanding related to governmental activities of \$57,177,904.

# **Governmental Activities Long-term Liabilities**

	<b>Governmental Activities</b>				
		2024	2023		
Employee compensated absences	\$	959,517	\$	848,266	
Lease liability		190,141		213,806	
SBITA liability		215,005		569,635	
OPEB liability		11,380,705		12,235,150	
Net pension liability		44,432,536		41,347,160	
Total long-term liabilities	\$	57,177,904	\$	55,214,017	

The City's governmental activities long-term liabilities increased \$1,963,887 during the current fiscal year primarily due to changes in the net pension liabilities from CalPERS investment returns.

## **Business-Type Activities Long-term Liabilities**

	Business-Type Activities				
		2024	2023		
Employee compensated absences	\$	82,040	\$	91,030	
Loans payable		18,339,212		18,945,102	
Bonds payable		36,273,081		37,993,831	
OPEB liability		1,760,987		1,893,198	
Net pension liability		3,373,455		3,742,437	
Total long-term liabilities	\$	59,828,775	\$	62,665,598	

Business-type activities long-term liabilities decreased \$2,836,823 during the current fiscal year due to principal debt service payments on the 2012 State Loan, 2013 Water Revenue Bonds, and 2016 Water Revenue Bonds. Further details on long-term debt can be found in Notes 6 through 8 in the Notes to Financial Statements section of this report.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

# **Economic Factors and Next Year's Budget**

## Economic Factors.

<u>Federal</u>. The U.S. economy demonstrated remarkable resilience in 2023 in the face of persistent headwinds, namely from the Federal Reserve. The Federal Reserve raised the federal funds rate four times during the year, on top of seven increases in 2022, to a target range of 5.25% to 5.50%, to slow the economy and tamp down inflation. While inflation did moderate, the economy showed few signs of slowing as hiring continued briskly throughout the year.

The national Gross Domestic Product (GDP), which is a measure of total economic output, grew at 2.4% in 2023, which was stronger growth than in 2022 (1.9%) and on par with pre-pandemic levels (2.5% in 2019). However, heading into 2024 and 2025, many economists expect that the national economy will be unable to maintain this level of performance and anticipate a more muted period of economic growth with real GDP growing at 1.7% and 1.4%, respectively.

The unemployment rate held steady in 2023 at 3.6%, which was the same rate as in 2022 and a slight improvement over the 3.7% rate in 2019. However, the pace of hiring is expected to decline over the next two years and unemployment is anticipated to tick upwards to 3.9% in 2024 and 4.3% in 2025 due to inflationary pressures.

In summary, taken together, the signs point to a slowing national economy in 2024 and 2025. The Federal Reserve has been working diligently to engineer a "soft landing" after the sustained economic shock of the pandemic. Although most economists are not expecting a recession in the next two years, it also cannot be ruled out.

<u>State</u>. In 2023, California experienced slower economic growth compared to the national average, and projections suggest a further slowdown in Gross State Product (GSP) growth, which is a measure of economic output similar to GDP. While job creation in 2023 was positive, especially in sectors such as health, education, hospitality, and professional & business services, the growth rate is expected to decrease in the upcoming years. Certain industries, including manufacturing, are anticipated to see declines as jobs move to lower paying states.

Despite economic challenges, California continues to be one of the largest and most diverse economies in the world. However, the high cost of housing, inflation, Federal Reserve fiscal policy, and population migration out of California represent continuing threats to the California economy and require long-term policy solutions to create the environment for more robust and sustainable growth. Continued stagnation in jobs and loss in population is expected to temper economic growth in 2024 and 2025.

<u>Local</u>. As part of Los Angeles County, South Pasadena benefited from a projected county-wide GCP growth of around 3.3% in 2024, with a slight expected dip to about 2.1% in 2025. South Pasadena faces persistent housing pressures typical of the broader LA region – high costs, limited supply, and affordability concerns – however, rising interest rates and regulatory factors may temper market momentum.

The local economy continues to remain strong with respect to Property taxes, Sales and Use taxes, Utility User taxes along with Current Services. General Fund revenues are estimated at \$40.9 million and expenditures are appropriated at \$39.8 million, which includes \$1.5 million of one-time expenditures.

During the 2024 fiscal year, unassigned fund balance in the General Fund remained substantial at \$17.7 million. Capital improvement projects of \$16.3 million have been programed and are funded through

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2024

restricted funds. It remains the intention of City management not to use fund balance reserves for purposes of meeting costs of operations.

In summary, South Pasadena is positioned for moderate economic growth in 2024, benefiting from broader LA County expansion, sustained development of transit infrastructure, and stable employer base. Yet, affordability constraints, infrastructure demands from new housing mandates, and environmental risks (wildfire, budget volatility) remain critical concerns.

*Budget Outlook*. The FY 2024-2025 Budget builds on the zero-based budgeting approach introduced in the prior fiscal year to promote a leaner and more efficient budget. Key strategic directives provided to department staff focus on:

- Professional Services: Evaluating and conservatively budgeting for necessary contractual services to complete outstanding projects.
- Staffing Needs: Conducting a thorough evaluation, including temporarily freezing some positions to assess workloads and capacities.
- Travel and Training: Reducing citywide travel and training accounts, maintaining funding only for essential activities.
- Technology Upgrades: Explore potential upgrades for a modern Enterprise Resource Planning (ERP) system.
- Financial Sustainability Reserve: Increase this reserve to \$1 million to provide a buffer for unanticipated expenses.

The emphasis of the FY 2024-2025 Budget is to continue the City's commitment to transparency, financial prudence, and strategic resource allocation to enhance the quality of life for residents.

# **Requests for Information**

This financial report is designed to provide a general overview of the financial position of the City of South Pasadena for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the Finance Department, FinanceDepartment@southpasadenaca.gov, 626.403.7250, or by U.S. mail: Finance Department, 1414 Mission Street, South Pasadena, CA 91030.

# CITY OF SOUTH PASADENA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2024

Net Change in Fund Balances - Governmental Funds	:	\$ 11,128,992
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. This is the amount by which depreciation/amortization exceeded capital outlay in the current period:		
Capital Asset Expenditures, Net of Deletions of Capital Assets Depreciation/Amortization Expense, Net of Deletions of Capital Assets	2,435,103 (2,865,976)	(420.072)
Issuance of long-term debt including capital advances, compensated absences, leases and SBITAs provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources in governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.		(430.873)
Net Change in Compensated Absences Principal Payments on Lease Liability Principal Payments on SBITA Liability Subscriptions Proceeds Adjustments to Lease/SBITA Liability	(123,612) 91,497 298,284 (130,210) 161,448	
Certain revenues in the governmental funds are unearned because the revenues are not collected within the prescribed time period after fiscal year end. However, the revenues are included on the accrual basis used in the government-wide statements.		297.407 404,456
In governmental funds, other postemployment benefit (OPEB) costs are recognized when the payment is made. In the statement of activities, OPEB costs are determined based on the accrual basis. This amount is the net change on net OPEB liability, deferred outflows of resources and deferred inflows of resources under the accrual basis.		252,477
In governmental funds, pension costs are recognized when the payment is made. In the statement of activities, pension costs are determined based on the accrual basis. This amount is the net change on net pension liability, deferred outflows of resources and deferred inflows of resources under the accrual basis.		(2,985,834)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is included in the statement of activities.	_	(1,084,060)
Change in Net Position of Governmental Activities as Reported on the Statement of Activities		\$ 7,582,565

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of South Pasadena, California (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City's significant accounting policies are described below.

# A. Description of Entity

As required by accounting principles generally accepted in the United States of America, these financial statements present the City and its component units, entities for which the City is considered financially accountable. Blended component units, although legally separate entities, are, in substance, part of the Government's operation, so data from these units are combined herein. The criteria used in determining the scope of the reporting entity is based on the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 14 as amended by Statement 39, 61 and 80 and were as follows:

- 1. The members of the City Council also act as the governing body of the City of South Pasadena Housing Authority (the Authority).
- 2. The Authority is managed by employees of the City.
- 3. The Authority is financially interdependent with the City.

The City was incorporated on March 2, 1888, under the general laws of the state of California. The City provides a full range of municipal services, including public safety (police and fire), streets, sanitation, refuse collection, sewer, water, parks and recreation, public improvements, planning and zoning, housing and community development, and general administrative and support services.

# **Blended Component Units**

# City of South Pasadena Housing Authority

The Authority was established pursuant to California Housing Authorities Law (Health and Safety Code Sections 34200 et seq.) on April 6, 2011. The purpose of the Housing Authority is to provide safe and sanitary housing opportunities for South Pasadena residents. The primary government has operational responsibility for the Housing Authority. Although the Housing Authority is legally separate, it is reported as if it were part of the City because the City Council also serves as the governing board of the Housing Authority. Separate financial statements of the Housing Authority are not prepared. Additionally, the Housing Authority took over the housing activities from the former Community Redevelopment Agency due to its dissolution on January 31, 2012.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. All fiduciary activities are reported only in the fiduciary fund financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide proprietary and private-purpose trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Other general revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental fund:

#### **General Fund**

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major proprietary funds:

#### **Water Fund**

The Water Fund is used to account for the construction, operation, and maintenance of the City-owned water system.

### **Sewer Fund**

The Sewer Fund is used to account for the provision of sewer construction, maintenance, and operation services to residents of the City.

The City's fund structure also includes the following fund types:

#### Special Revenue Funds

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects), that are restricted to expenditures for special purposes.

#### **Capital Projects Funds**

The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major facilities other than those financed by Proprietary Funds.

#### **Private-Purpose Trust Fund**

The Private-Purpose Trust Fund accounts for the assets and liabilities of the former Community Redevelopment Agency and its allocated revenue to pay estimated installment payments of enforceable obligations until obligations of the former Community Redevelopment Agency are paid in full and assets have been liquidated. Please refer to Note 11 for more information.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

#### **Internal Service Fund**

The Internal Service Fund is used to accumulate and allocate costs internally among the City's functions for general liability and worker's compensation insurance. Because the internal service operations benefit both governmental and business-type functions, they have been proportionally allocated and included within the governmental and business-like activities in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's proprietary fund's function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds and the internal service fund distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Enterprise Funds are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity

### **Deposits and Investments**

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For financial statement presentation purposes, cash and cash equivalents are shown as both restricted and unrestricted cash and investments in the Governmental and Proprietary Funds.

Investments for the City, as well as for its component units, are reported at fair value. The City's policy is generally to hold investments until maturity or until fair values equal or exceed cost. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

# **Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans), or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectible amounts.

Property tax revenue is recognized in the fiscal year for which the taxes have been levied providing they become available. Available means when due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter (not to exceed 60 days) to be used to pay liabilities of the current period. The County of Los Angeles collects property taxes for the City. Tax liens attach annually as of 12:01 A.M. on the first day in January proceeding the fiscal year for which the taxes are levied. The tax levy covers the fiscal period July 1 to June 30. All secured personal property taxes and one-half of the taxes on real property are due November 1; the second installment is due February 1. All taxes are delinquent, if unpaid, after December 10 and April 10, respectively. Unsecured personal property taxes become due on the first of March each year and are delinquent after August 31.

#### **Inventories**

Inventory consisting primarily of materials and supplies is held by the Water Enterprise Fund. Such goods are valued using the average-cost method applied on a first-in, first-out (FIFO) basis. Inventories reported in the City's General Fund are charged to inventories when purchased and treated as an expenditure when issued.

#### Restricted Assets

Certain proceeds of debt issues, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet and statement of net position because their use is limited by applicable bond covenants. In addition, funds have been restricted for future capital improvements by City resolution.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

#### **Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 for noninfrastructure assets and \$25,000 for infrastructure assets (amount not rounded). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	50
Improvements Other Than Buildings	10 to 25
Machinery and Equipment	3 to 30
Vehicles	8
Infrastructure	Years
Sewer Collection System	60
Storm Drain System	60
Bridges	60
Hardscape	40
Parkways and Medians	40
Pavement, Curbs and Gutters, and Sidewalks	35
Streetlights	20
Electronic Traffic Control Devices	20

Right-to-use lease assets are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

### **Capital Assets (Continued)**

Subscription-Based Information Technology Arrangement (SBITA) assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

## **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The category of deferred outflow of resources reported in the statement of net position is related to debt refunding, asset retirement obligations, pensions, and other postemployment benefits. The deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows on pension and other postemployment benefits are more fully discussed in Notes 7 and 8.

In addition to liabilities, the statement of net position and balance sheet of governmental funds will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. In the government-wide financial statements, the City's deferred inflows of resources reported on the statement of net position relate to pension and other postemployment benefits, which are more fully discussed in Notes 7 and 8. The statement of net position and the governmental funds balance sheet also report a deferred inflow of resources related to leases. The lease related deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable plus any payments received at or before the start of the lease term that relates to future periods, less any lease incentives paid to, or on behalf of the lessee at or before the commencement of the lease term. The inflow of resources is recognized in systematic and rational manner over the term of the lease.

Under a modified accrual basis of accounting, deferred inflows of resources also include revenues not collected within the availability period after the fiscal year-end. The governmental funds report deferred inflows of resources related to unavailable revenues from three sources: property taxes, special assessments, and reimbursable grants billed but not yet available. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

# **Deferred Outflows/Inflows of Resources (Continued)**

Deferred inflows resulting from sale of future rent revenues. The City entered into agreements under which the City sold its rights to rental payments under certain lease agreements for certain real property. The City received a lump sum payment totaling \$4,399,347. The total rental payments sold, based on the projected payment schedule in the Lease Agreements, adjusted for annual 3% increases are estimated to be approximately \$12,925,000. The deferred inflow of resources is recognized as revenue over the life of the agreements.

## **Compensated Absences**

It is the policy of the City to record the cost of annual vacation as accrued. Employees are 100% vested in accrued vacation after six months of employment. The entire compensated absence liability for the Enterprise Fund is accrued as earned in the Enterprise Fund. All accumulated compensated absence liability of governmental funds is accrued when incurred in the government-wide financial statements. Compensated absences are reported in governmental funds only if they have matured.

It is the policy of the City to pay sick leave as used; accordingly, the expenditures are recorded when paid. Sick leave does not vest with employees. Accordingly, employees do not receive a payout for unused sick leave upon termination, although employees do receive credit for unused sick leave upon retirement.

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Other Postemployment Benefits (OPEB)

For purposes of measuring the totaled OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are reported at fair value.

#### **Long-Term Obligations**

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

#### **Fund Balance**

In the fund financial statements, governmental funds report the following fund balance classification:

Nonspendable Fund Balance – These amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – These amounts that are constrained on the use of resources by either (a) external creditors, grantors, contributors, or laws of regulations of other governments or (b) by law through constitutional provisions or enabling legislation.

Committed Fund Balance – These amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority, City Council. The formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution of the City Council.

Assigned Fund Balance – These amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The City Council, with Resolution No. 7152, authorized the Finance Director to assign fund balance amounts for specific purposes.

*Unassigned Fund Balance* – These include the residual amounts that have not been restricted, committed, or assigned to specific purposes. The General Fund is the only fund that can report a positive unassigned fund balance.

An individual governmental fund could include nonspendable resources and amounts that are restricted or unrestricted (committed, assigned, or unassigned) or any combination of those classifications. Restricted amounts are to be considered spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and committed, assigned, and then unassigned amounts are considered to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balances classifications can be used.

The City Council adopts and amends committed fund balance amounts for specific purposes through a resolution. When expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted amounts to be used first. When expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, they are considered to be spent in the order as follows: committed, assigned, and then unassigned.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

#### **Net Position**

In the government-wide financial statements and proprietary fund financial statements, net position is classified as follows:

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position – This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

*Unrestricted Net Position* – This component of net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

#### E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses, during the reporting period. Actual results could differ from those estimates.

#### NOTE 2 CASH AND INVESTMENTS

Cash and investments are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 100,059,853
Cash and Investments With Fiscal Agents	1,132,283
Statement of Fiduciary Net Position:	
Cash and Investments	192,439
Cash and Investments With Fiscal Agents	199,255
Total Cash and Cash Equivalents	\$ 101,583,830

Cash and investments at June 30, 2024, consists of the following:

Cash and C	Cash Ed	uivalents:
------------	---------	------------

Petty Cash	\$ 13,835
Deposits With Financial Institutions	13,081,159
Investments	 88,488,836
Total Cash and Cash Equivalents	\$ 101,583,830

The City maintains a cash and investment pool that is available for use for all funds. Each fund type's position in the pool is reported on the combining balance sheet as cash and investments. The City has adopted an investment policy which authorizes it to invest in various investments.

#### A. Deposits

At June 30, 2024, the carrying amount of the City's deposits was \$13,081,159 and the bank balance was \$12,835,938. The difference between the two represents outstanding checks and other reconciling items.

The California Government Code requires California banks and savings and loan associations to secure a City's deposits by pledging government securities with a value of 110% of a City's deposits. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of a City's total deposits. The City Treasurer may waive the collateral requirement for deposits which are fully insured up to \$250,000 by the FDIC. The collateral for deposits in federal and state chartered banks is held in safekeeping by an authorized Agent of Depository recognized by the state of California Department of Banking. The collateral for deposits with savings and loan associations is generally held in safekeeping by the Federal Home Loan Bank in San Francisco, California as an Agent of Depository. These securities are physically held in an undivided pool for all California public agency depositors. Under Government Code Section 53655, the placement of securities by a bank or savings and loan association with an "Agent of Depository" has the effect of perfecting the security interest in the name of the local governmental agency. Accordingly, all collateral held by California Agents of Depository are considered to be held for, and in the name of, the local governmental agency.

#### NOTE 2 CASH AND INVESTMENTS (CONTINUED)

#### **B.** Investments

Under provision of the City's investment policy, and in accordance with Section 53601 of the California Government Code, the City may invest in the following types of investments:

	Authorized by		Maximum	Maximum	Minimum
	Investment	Maximum	Percentage	Investment	Quality
Authorized Investment Type	Policy	Maturity	of Portfolio	In One Issuer	Requirements
Local Agency Bonds	Yes	5 Years	None	None	N/A
U.S. Treasury Obligations	Yes	5 Years	None	None	N/A
State Obligations - CA & Others	Yes	5 Years	None	None	N/A
CA Local Agency Obligations	Yes	5 Years	None	None	N/A
U.S. Agency Obligations	Yes	5 Years	None	None	N/A
Banker's Acceptances	Yes	180 Days	40%	30%	N/A
Commercial Paper - Select Agencies	Yes	270 Days	25%	10%	A-1
Commercial Paper - Other Agencies	Yes	270 Days	40%	None	A-1
Negotiable Certificates of Deposit	Yes	5 Years	30%	None	N/A
CD Placement Service	Yes	5 Years	30%	None	N/A
Repurchase Agreements	Yes	1 Year	None	None	N/A
Reverse Repurchase Agreements	Yes	92 Days	20%	None	N/A
Medium-Term Notes	Yes	5 Years	30%	N/A	A-1
Mutual Funds	Yes	N/A	20%	10%	N/A
Money Market Mutual Funds	Yes	N/A	20%	10%	N/A
Collateralized Bank Deposits	Yes	5 Years	None	None	N/A
Mortgage Pass-Through Securities	Yes	5 Years	20%	None	AA
Bank/Time Deposits	Yes	5 Years	None	None	N/A
County Pooled Investment Funds	Yes	N/A	None	None	N/A
Joint Powers Authority Pool	Yes	N/A	None	None	N/A
Local Agency Investment Fund	Yes	N/A	None	None	N/A
Voluntary Investment Program Fund	Yes	N/A	None	None	N/A

The City has monies held by trustees or fiscal agents pledged to the payment or security of certain bonds. The California Government Code provides that these monies, in the absence of specific statutory provisions governing the issuance of bonds, may be invested in accordance with the ordinance, resolutions, or indentures specifying the types of investments its trustees or fiscal agents may make.

#### C. Investments in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the state of California. LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with state statute. The State Treasurer's Office audits the fund annually. The fair value of the position in the investment pool is the same as the value of the pool shares.

#### NOTE 2 CASH AND INVESTMENTS (CONTINUED)

#### D. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Presented below is the minimum rating required by (where applicable) the California Government Code or the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type.

		Minimum		Rating as of Fiscal Year-End							
Investment Type	Amount	Legal Rating	Exempt from Disclosure	AA+	AA / AA	A+	A / A-	Not Rated			
Local Agency Investment											
Fund	\$ 26,317,916	N/A	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 26,317,916			
Money Market											
Mutual Funds	481,248	Multiple	-	-	-	-	-	481,248			
U.S. Treasury											
Notes	40,383,810	N/A	40,383,810		-	-	-	-			
U.S. Agency											
Obligations	3,323,393	N/A	-	3,323,393	-	-	-	-			
Medium-Term											
Notes	17,982,469	Α			1,679,895	2,919,017	13,383,557				
Total	\$ 88,488,836		\$ 40,383,810	\$ 3,323,393	\$1,679,895	\$2,919,017	\$ 13,383,557	\$ 26,799,164			

#### E. Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Of the bank balances, up to \$250,000 is federally insured and the remaining balances are collateralized in accordance with the California Government Code.

#### F. Concentration of Credit Risk

The City's investment policy imposes restrictions on the percentage that the City can invest in a single type of investment in accordance with California Government Code. In addition, GASB 40 requires a separate disclosure if any single issuer comprises more than 5% of the total investment value. As of June 30, 2024, there were no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments.

# NOTE 2 CASH AND INVESTMENTS (CONTINUED)

#### G. Interest Rate Risk

The City's investment policy limits investment maturities, in accordance with California Government Code, as a means of managing its exposure to fair value losses arising from increasing interest rates. The certificates of deposit in cash with fiscal agent below with a maturity of three to five years are governed by the debt agreements, rather than the City's investment policy. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk.

As of June 30, 2024, the City had the following investments and original maturities:

	6 Months	6 Months	1 to 3	3 to 5	
Investment Type	or Less	to 1 Year	Years	 Years	 Total
Local Agency Investment Fund	\$ 26,317,916	\$ -	\$ -	\$ -	\$ 26,317,916
Money Market Mutual Funds	481,248	-	-	-	481,248
U.S. Treasury Notes	-	8,978,616	15,240,200	16,164,994	40,383,810
U.S. Agency Obligations	-	-	1,472,541	1,850,852	3,323,393
Medium-Term Notes	 1,234,324	2,451,604	7,072,829	7,223,712	17,982,469
Total	\$ 28,033,488	\$ 11,430,220	\$ 23,785,570	\$ 25,239,558	\$ 88,488,836

#### H. Fair Value Measurements

The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by the generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; level 2 inputs are significant other observable inputs; level 3 inputs are significant unobservable inputs. Debt securities classified in Level 2 are normally valued based on price data obtained from observed transactions and market price quotations from broker dealers and/or pricing vendors.

The following table presents the balances of the assets measured at fair value on a recurring basis as of June 30, 2024:

Investment by Fair Value Level	Fair Value		Level 1	 Level 2	Level 3	
Debt Securities:				 		
Money Market Mutual Funds	\$	481,248	\$ -	\$ 481,248	\$	-
U.S. Treasury Notes		40,383,810	-	40,383,810		-
U.S. Agency Obligations		3,323,393	-	3,323,393		-
Medium-Term Notes		17,982,469	17,982,469	-		-
Total Investments				 		
Measured at Fair Value		62,170,920	\$ 17,982,469	\$ 44,188,451	\$	-
Investments Not Subject to						
Fair Value Measurement:						
LAIF		26,317,916				
Total Investments	\$	88,488,836				

# NOTE 3 CAPITAL ASSETS

Capital asset activity was as follows for the year ended June 30, 2024:

		Beginning Balance	Additions	Deletions	Ending Balance
Governmental Activities:					
Capital Assets, Not Being Depreciated/					
Amortized:					
Land	\$	2,454,245	\$ -	\$ -	\$ 2,454,245

#### NOTE 4 LEASES RECEIVABLE

On April 1, 2023, the City entered into a 120-month lease as Lessor for the use of South Pasadena Batting Cages, LLC. An initial lease receivable was recorded in the amount of \$440,191. As of June 30, 2024, the value of the lease receivable is \$398,214. The lessee is required to make monthly fixed payments of \$4,000. The lease has an interest rate of 1.2173%. The value of the deferred inflow of resources as of June 30, 2024, was \$385,168, and the City recognized lease revenue of \$55,023 during the fiscal year.

# NOTE 4 LEASES RECEIVABLE (CONTINUED)

On July 1, 2021, the City entered into a 126-month lease as Lessor for the use of iTennis. An initial lease receivable was recorded in the amount of \$828,404. As of June 30, 2024, the value of the lease receivable is \$601,805. The lessee is required to make monthly fixed payments of \$7,000. The lease has an interest rate of 1.2173%. The value of the deferred inflow of resources as of June 30, 2024, was \$591,717, and the City recognized lease revenue of \$82,542 during the fiscal year. The lessee has 1 extension option(s), each for 120 months.

Total future payments on the lease receivable are as follows:

Year Ending June 30,	Principal		Interest		Total	
2025	\$ 120,497	\$	11,503	\$	132,000	
2026	121,972		10,028		132,000	
2027	123,466		8,534		132,000	
2028	124,977		7,023		132,000	
2029	126,507		5,493		132,000	
2030-2034	 382,600		7,400		390,000	
Total	\$ 1,000,019	\$	49,981	\$	1,050,000	

### NOTE 5 INTERFUND RECEIVABLE, PAYABLE AND TRANSFERS

## A. Due To/From Other Funds

At June 30, 2024, the City had the following internal balances:

	 Due to Other Funds		
	 lonmajor		
Due From Other Funds	 Funds		Total
General Fund	\$ 535,758	\$	535,758

The due to General Fund of \$535,758 for various Nonmajor Governmental Funds was a result of temporary cash deficit balances in those funds.

#### **B.** Transfers

		T	ransfers In	
			Nonmajor	Total
	General	Go	overnmental	Transfers
	 Fund		Funds	Out
Transfers Out:				
General Fund	\$ -	\$	2,091,246	\$ 2,091,246
Nonmajor Governmental Funds	288,014		2,242,052	2,530,066
Water Enterprise Fund	-		36,162	36,162
Sewer Enterprise Fund	-		43,907	43,907
Arroyo Seco Golf Course	 		875	875
Total Transfers In	\$ 288,014	\$	4,414,242	\$ 4,702,256

# NOTE 5 INTERFUND RECEIVABLE, PAYABLE AND TRANSFERS (CONTINUED)

# B. Transfers (Continued)

All transfers were made as budgeted or as approved by Council. Transfers are used to: (1) move revenues from the fund that a statute or the budget requires for collection to the fund that a statute or the budget requires for expenditure; (2) unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations or grant matching requirements; (3) return money to the funds that originally transferred to others funds, yet not used and (4) transfer to capital projects funds to fund capital outlays.

#### NOTE 6 LONG-TERM LIABILITIES

Activities relating to long-term obligations for the year are presented as follows:

	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year	Due in More Than One Year
Governmental Activities: Compensated Absences Claims Payable (See Note 9) Lease Liabilities	\$ 942,518 2,723,000	\$ 1,046,474 803,000	\$ 922,862	\$ 1,066,130 3,526,000	\$ 106,613 3,526,000	\$ 959,517

Activities	\$ 59,054,818	\$ 90,530	\$ 2,351,010	\$ 56,794,338	\$ 2,100,005	\$ 54,694,333

## A. Compensated Absences

Compensated absences are paid, if matured, out of the General Fund, other various special revenue funds, and enterprise funds.

#### B. Leases

The City leases various equipment for various terms under long-term, noncancelable lease agreements. The leases expire at various dates through 2027. The value of the right to use asset as of June 30, 2024 is included in the capital asset table at Note 3.

# NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

#### B. Leases (Continue)

Future payments on the total lease liabilities are as follows:

Year Ending June 30,	 Principal	Ir	nterest	 Total
2025	\$ 92,907	\$	4,098	\$ 97,005
2026	94,341		2,664	97,005
2027	 95,800		1,204	 97,004
Total	\$ 283,048	\$	7,966	\$ 291,014

#### C. SBITA

The City entered into subscriptions for various software packages. The terms range from 17 to 60 months with interest rates at 2.354% to 3.445%. The City is required to make payments ranging from \$4,590 to \$100,099. The value of the right-to-use asset as of June 30, 2024 is included with the capital asset note at Note 3.

Future payments on the total SBITA liabilities are as follows:

<u>Year Ending June 30,</u>	F	Principal		Interest		Total	
2025	\$	227,549	\$	11,540	\$	239,089	
2026		122,201		5,605		127,806	
2027		92,804		2,435		95,239	
Total	\$	442,554	\$	19,580	\$	462,134	

#### D. Loans

#### 2012 State Loan Payable (Direct Borrowing)

California State Water Resources Control Board loaned the City an assessable amount of \$10,139,283 over the term agreement starting December 1, 2013 through May 30, 2037. The proceeds from the loan are to be used by the City for its rehabilitation and replacement of the City's sewer infrastructure. The loan acts as an installment sale agreement, in which, the City must expend its own funds prior to drawing on the accessible loan amount for reimbursement. Repayment of project funds, together with all interest accrued thereon, by the City shall be repaid in annual installments commencing one year after the completion of the project.

#### NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

## D. Loans (Continued)

#### 2012 State Loan Payable (Direct Borrowing) (Continued)

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2024, including interest are as follows:

Year Ending June 30,	Principal		 Interest	 Total		
2025	\$	258,581	\$ 167,227	\$ 425,808

### **SRF State Loan Payable (Direct Borrowing)**

California State Water Resources Control Board loaned the City an assessable amount of \$11,153,353 over the term agreement starting November 15, 2017 through January 1, 2050. The proceeds from the loan are to be used by the City for the Graves Reservoir Replacement Project. The loan acts as an installment sale agreement, in which, the City must expend its own funds prior to drawing on the accessible loan amount for reimbursement. Repayment of project funds, together with all interest accrued thereon, by the City shall be repaid in annual installments commencing one year after the completion of the project.

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2024, including interest are as follows:

Year Ending June 30,	Principal	Interest			Total
2025	\$ 347,309	\$	185,222	-	532,531

#### NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

#### E. Bonds

#### **2013 Water Revenue Bonds**

In March, 2013, the South Pasadena Public Financing Authority issued \$6,995,000 Water and Wastewater Revenue Bonds, 2013 Series A. The bonds were issued to refund of a portion of the outstanding California Statewide Communities Development Authority Water and Wastewater Revenue Bonds, Series 2004A that were issued on behalf of the City of South Pasadena, to purchase a surety for a reserve fund for the Bonds, and to pay costs of issuance of the bonds. The bonds are secured by a pledge of system net revenues of the City's water system.

Bond proceeds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. In addition, funds have been restricted for future capital improvements by City resolution.

The serial bonds mature annually from October 1, 2014 to October 1, 2029, in increasing amounts from \$325,000 to \$545,000. The bonds bear interest at rates ranging from .35% to 3.4%. The term bonds mature on October 1, 2029, and carry an interest rate of 5.0%. Interest is payable semi-annually on April 1 and October 1, commencing on October 1, 2014 and October 1, 2029, respectively.

If the City defaults on its obligations to make debt service payments on the bonds, the trustee, as assignee of the City, has the right to accelerate the total unpaid principal amount of the bonds. However, in the event of a default and such acceleration, there can be no assurance that the trustee will have sufficient moneys available for payment of the bonds.

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2024, including interest are as follows:

Year Ending June 30,	 Principal		Interest		Total	
2025	\$ 450,000	\$	95,988	\$	545,988	
2026	470,000		77,588		547,588	
2027	490,000		58,388		548,388	
2028	505,000		41,013		546,013	
2029	525,000		25,234		550,234	
2030	 545,000		8,516		553,516	
Total	\$ 2,985,000	\$	306,727	\$	3,291,727	

# NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

# E. Bonds (Continued)

#### **2016 Water Revenue Bonds**

In November 2016, the City of South Pasadena issued \$37,845,000 Water Revenue Refunding Bonds. The bonds were issued to refund all of the outstanding 2009 Water Revenue Bonds, purchase a municipal bond insurance policy to guarantee payment of the principal of and interest on the 2016 bonds and to pay costs of issuance of the 2016 bonds.

The serial bonds mature annually from October 1, 2017, to October 1, 2036, in amounts from \$835,000 to \$2,610,000. The bonds bear interest at rates ranging from 2% to 5%. The term bonds mature on October 1, 2039 and carry an interest rate of 5.0%. Interest is payable semi- annually on April 1 and October 1, commencing and ending on April 1, 2017 and April 1, 2037, respectively.

If the City defaults on its obligations to make debt service payments on the bonds, the trustee, as assignee of the City, has the right to accelerate the total unpaid principal amount of the bonds. However, in the event of a default and such acceleration, there can be no assurance that the trustee will have sufficient moneys available for payment of the bonds.

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2024, including interest are as follows:

Year Ending June 30,	Principal	Interest	Total		
2025	\$ 1,035,000	\$ 1,388,713	\$ 2,423,713		
2026	1,095,000	1,335,463	2,430,463		
2027	1,145,000	1,279,463	2,424,463		
2028	1,210,000	1,220,588	2,430,588		
2029	1,270,000	1,158,588	2,428,588		
2030-2034	9,710,000	4,590,113	14,300,113		
2035-2039	13,050,000	1,824,213	14,874,213		
2040-2041	2,940,000	49,613	2,989,613		
Total	\$ 31,455,000	\$ 12,846,754	\$ 44,301,754		

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN

#### A. General Information about the Pension Plans

#### Plan Description

All qualified permanent and probationary employees are eligible to participate in the Public Agency cost-sharing, multiemployer Defined Benefit Pension Plan (the Plan) administered by the California Public Employees' Retirement System (CalPERS.) The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all other). Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The City sponsors five rate plans (two miscellaneous and three safety). Benefit provisions under the Plan are established by state statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS' website, at www.calpers.ca.gov.

## **Benefits Provided**

CalPERS provides service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan operates under the provisions of the California Public Employees' Retirement Law (PERL), the California Public Employees' Pension Reform Act of 2013 (PEPRA), and the regulations, procedures and policies adopted by the CalPERS Board of Administration. The Plan's authority to establish and amend the benefit terms are set by the PERL and PEPRA, and may be amended by the California state legislature and in some cases require approval by the CalPERS Board.

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### A. General Information about the Pension Plans (Continued)

#### **Benefits Provided (Continued)**

The Plans' provisions and benefits in effect at June 30, 2024 are summarized as follows:

	Miscellaneous

Benefit Vesting Schedule	5 Years Service	5 Years Service	
Benefit Payments	Monthly for Life	Monthly for Life	
Retirement Age	50 - 55	50 - 57	
Monthly Benefits, as a % of Eligible Compensation	2.0% to 2.7%	2.0% to 2.7%	
Monthly Benefits, as a % of Eligible Compensation Required Employee Contributions Rates	2.0% to 2.7% 9.00%	2.0% to 2.7% 13.75%	

#### **Contributions**

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. For public agency cost-sharing plans covered by either the Miscellaneous or Safety risk pools, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contribution requirements are classified as plan member contributions. For the fiscal year ended June 30, 2024, the City contributed \$1,585,754 and \$2,941,478 to the miscellaneous and safety plans, respectively, which results in total contributions of \$4,527,232.

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### **B.** Net Pension Liability

The City's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Plan is measured as of June 30, 2023, using an annual actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is as follows:

	Miscellaneous	Safety
Valuation Date	June 30, 2022	June 30, 2022
Measurement Date	June 30, 2023	June 30, 2023
Actuarial Cost Method	Market Value	Market Value
	of Assets	of Assets
Actuarial Assumptions:		
Discount Rate	6.90%	6.90%
Inflation	2.30%	2.30%
Salary Increases	(1)	(1)
Mortality Rate Table	(2)	(2)
Post Retirement Benefit Increase	(3)	(3)

- (1) Varies by entry age and service.
- (2) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 2001 to 2019. Preretirement and Post-retirement mortality rates include generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.
- (3) The less of contract COLA or 2.30% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.30% thereafter.

#### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, CalPERS took into account both short- term and long-term market return expectations. Using historical returns for all of the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points.

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### **B.** Net Pension Liability (Continued)

#### **Long-Term Expected Rate of Return (Continued)**

The expected real rates of return by asset class are as follows:

	Assumed	
	Asset	Real Return
Asset Class	Allocation	(a) (b)
Global Equity - Cap Weighted	30.00 %	4.35 %
Global Equity - Non-Cap Weighted	12.00	3.84
Private Equity	13.00	7.28
Treasury	5.00	0.27
Mortgage-Backed Securities	5.00	0.50
Investment Grade Corporation	10.00	1.56
High Yield	5.00	2.27
Emerging Market Debt	5.00	2.48
Private Debt	5.00	3.21
Real Assets	15.00	3.21
Leverage	(5.00)	(0.59)
	100.00%	

- (a) An expected inflation of 2.3% used for this period
- (b) Figures are based on the 2021Assets Liability Management Study.

#### **Discount Rate**

The discount rate used to measure the total pension liability for PERF C was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### C. Proportionate Share of Net Pension Liability

As of the fiscal year ended June 30, 2024, the City reported net pension liability for its proportionate share of the collective net pension liability of the Miscellaneous and Safety Plan as follows:

Miscellaneous Plan Net Pension Liability	\$	16,336,344
Safety Plan Net Pension Liability		31,469,647
Combined Net Pension Liability	\$	47,805,991
Governmental Activities Net Pension Liability Business-Type Activities Net Pension Liability	\$	44,432,536 3,373,455
Total Net Pension Liability	<u>\$</u>	47,805,991

The City's net pension liability for the Plans were measured as the proportionate share of the net pension liability. The City's proportionate share of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for each Plan as of the June 30, 2022 and 2023 measurement dates were as follows:

	Miscellaneous	Salety
Proportionate share of NPL - June 30, 2022	0.328060 %	0.432780 %
Proportionate share of NPL - June 30, 2023	0.326700	0.421000
Change - Decrease	(0.001360)%	(0.011780)%

## <u>Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u>

The following presents the City's proportionate share of the net pension liability of each Plan as of the measurement date, calculated using the discount rate of 6.90%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.90%) or 1-percentage point higher (7.90%) than the current rate:

	1	% Decrease		Current	1	% Increase
	D	iscount Rate	Di	scount Rate	D	iscount Rate
		(5.90%)		(6.90%)		(7.90%)
Miscellaneous Plan's Net Pension						
Liability	\$	24,733,298	\$	16,336,344	\$	9,424,931
Safety Plan's Net Pension Liability		45,957,156		31,469,647		19,625,077

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN (CONTINUED)

### D. Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

#### **Amortization of Deferred Outflows and Deferred Inflows of Resources**

Under GASB 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Net Difference Between Projected and Actual Earnings on Pension Plan Investments All Other Amounts 5-year straight-line amo

Straight-line amortization average remaining servi members that are provici nactive, and retired) as measurement period

#### Miscellaneous Plan

For the year ended June 30, 2024, the City recognized pension expense of \$2,456,500 for the Miscellaneous Plan. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for the Miscellaneous Plan:

	Deferred			Deferred	
	0	utflows of	Inflows of		
	R	esources	Resources		
Changes of Assumptions	\$	986,299	\$	-	
Differences Between Expected and Actual					
Experience		834,549		(129,459)	
Differences Between Projected and Actual					
Investment Earnings		2,645,001		-	
Differences Between Employer's Contributions					
and Proportionate Share of Contributions		-		(1,293,341)	
Change in Employer's Proportion		362,913		(54,928)

Pension Contributions Made Subsequent to Measurement Date	\$	1,582,754	\$		

\$1,585,754 reported with deferred outflows of resources will be recognized as a reduction of the net pension liability in the year ending June 30, 2025.

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN (CONTINUED)

## D. Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions (Continued)

#### Miscellaneous Plan (Continued)

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Fiscal Year Ending June 30,	 Expense
2025	\$ 764,733
2026	531,654
2027	1,978,751
2028	 75,896
Total	\$ 3,351,034

#### Safety Plan

For the year ended June 30, 2024, the City recognized pension expense of \$4,978,421 for the Safety Plan. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for the Safety Plan:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Changes of Assumptions	\$ 1,836,611	\$ -
Differences Between Expected and Actual		
Experience	2,310,452	(197,799)
Differences Between Projected and Actual		
Investment Earnings	4,306,613	-
Differences Between Employer's Contributions		
and Proportionate Share of Contributions	884,827	(203,679)
Change in Employer's Proportion	34,984	(1,226,327)
Pension Contributions Made Subsequent to		
Measurement Date	2,941,478	
Total	\$ 12,314,965	\$ (1,627,805)

\$2,941,478 reported with deferred outflows of resources will be recognized as a reduction of the net pension liability in the year ending June 30, 2025.

#### NOTE 7 CITY EMPLOYEES DEFINED BENEFIT PENSION PLAN (CONTINUED)

## D. Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions (Continued)

#### Safety Plan (Continued)

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in future pension expense as follows:

Fiscal Year Ending June 30,	Expense		
2025	\$ 2,439,70		
2026		1,719,012	
2027		3,466,768	
2028		120,201	
Total	\$	7,745,682	

#### E. Payable to the Pension Plan

At June 30, 2024, the City had no outstanding amount of contributions to the Miscellaneous or Safety Cost-Sharing pension plans required for the year ended June 30, 2024.

#### F. Summary of Plan Amounts for Government-Wide Financial Statements

		Net	Deferred	Deferred
	_Pe	nsion Liability	Outflows	 Inflows
Miscellaneous Plan	\$	16,336,344	\$ 6,411,516	\$ (1,477,728)
Safety Plan		31,469,647	12,314,965	 (1,627,805)
Total	\$	47,805,991	\$ 18,726,481	\$ (3,105,533)

#### NOTE 8 OTHER POSTEMPLOYMENT BENEFITS

#### A. Plan Description

The City provides certain other postemployment benefits (OPEB) through an agent multiple-employer defined benefit healthcare plan which provides health insurance for its retired employees according to the Personnel Rules and Regulations for each of the five employee groups. Benefit provisions are included annually in the Memorandum of Understanding between the City and each of its employee groups and ultimately passed by Council action. The City's OPEB Plan does not issue a separate stand-alone report as the plan type is an agent multiple-employer plan managed by the California Employers' Retirement Benefit Trust (CERBT) Fund.

#### NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

#### **B.** Employees Covered

As of the June 30, 2023 measurement date, the following numbers of participants were covered by the benefit terms under the Plan:

Active Employees	144
Inactive Employees or Beneficiaries Currently	
Receiving Benefits	97
Inactive Employees Entitled to, But Not yet	
Receiving Benefits	22
Total	263

#### C. Funding Policy

The contribution requirements of plan members and the City are established and may be amended by the City, City Council, and/or employee associations. Currently, contributions are not required from plan members. The City pays for postemployment health insurance by prefunding with an OPEB trust. For the fiscal year ended June 30, 2024, the City's cash contributions were \$539,753, administrative expenses of \$6,154 and estimated implied subsidies of \$158,647, resulting in total payments of \$704,554.

#### D. Total OPEB Liability

The City's total OPEB liability was measured as of June 30, 2023, and was based on the following actuarial methods and assumptions:

Actuarial Assumptions	June 30, 2023 Measurement Date
Actuarial Valuation Date	June 30, 2023
Contribution Policy	City pre-funded on an ad hoc basis
Long-Term Expected Rate of Return on Assets	6.25% at June 30, 2023
20-Year Municipal Bond Rate	3.65% at June 30, 2023
	(Bond Buyer 20-Bond Index)
	3.54% at June 30, 2022
	(Bond Buyer 20-Bond Index)
Discount Rate	4.59% at June 30, 2023
	3.79% at June 30, 2022
General Inflation	2.50% annually
Mortality, Retirement, Disability, and Termination	CalPERS 2000-2019 Experience Study
Mortality Improvement	Mortality projected fully generational with
	Scale MP-2021
Salary Increases	Aggregate - 2.75% annually
	Merit - Cal PERS 2000-2019 Experience Study
Medical Trend	Non-Medicare - 7.90% for 2026, decreasing
	to an ultimate rate of 3.45% in 2076
	Medicare (Non-Kaiser) - 6.9% for 2026,
	decreasing to an ultimate rate of 3.45% in 2076
	Medicare (Kaiser) - 5.65% for 2026, decreasing
	to an ultimate rate of 3.45% in 2076
Fixed Dollar Cap	None

#### NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

#### E. Discount Rate

The discount rate used to measure the Plan's total OPEB liability was 4.59%. The long-term expected rate of 6.25% was blended with the index rate of 3.65% for tax exempt general obligation municipal bonds rated AA or better at June 30, 2023, to arrive at a blended discount rate of 4.59% used to determine the total OPEB liability.

#### F. Changes of Assumptions

Discount rate increased from 3.79% to 4.59%. Medical trend rate and PEMHCA minimum trend were updated.

#### G. Changes in the Net OPEB Liability

The changes in the Net OPEB liability for the Plan are as follows:

	Total OPEB Liability (a)			an Fiduciary let Position (b)	Net OPEB Liability (a) - (b)		
Balance at June 30, 2023							
(June 30, 2022 Measurement Date)	\$	15,269,867	\$	1,141,519	\$	14,128,348	
Changes Recognized for the							
Measurement Period:							
Service Cost		524,292		-		524,292	
Interest		584,931	-			584,931	
Changes of Benefit Terms		(299,013)		-		(299,013)	
Assumption Changes		(1,002,616)		-		(1,002,616)	
Changes in Assumptions		-	-			-	
Contributions - Employer		-	727,864			(727,864)	
Net Investment Income		-	73,305			(73,305)	
Benefit Payments		(721,277)		(721,277)		-	
Administrative Expense				(6,919)		6,919	
Net Changes		(913,683)		72,973		(986,656)	
Balance at June 30, 2024							
(June 30, 2023 Measurement Date)	\$	14,356,184	\$	1,214,492	\$	13,141,692	

#### H. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate, for measurement period ended June 30, 2023:

	19	% Decrease		Current	1	% Increase
	Di	scount Rate	Di	scount Rate	D	iscount Rate
		(3.59%)		(4.59%)		(5.59%)
Total OPEB Liability	\$	14,828,191	\$	13,141,692	\$	11,723,367

#### NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

#### I. Sensitivity of the Total OPEB Liability to Changes in the Health Care Trend Rates

The following presents the total OPEB liability of the City if it were calculated using health care cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate, for measurement period ended June 30, 2023:

		Current	
		Healthcare	
		Cost Trend	
	1% Decrease	Rates	1% Increase
Total OPEB Liability	\$ 12,347,023	\$ 13,141,692	\$ 14,137,619

#### J. OPEB Plan Fiduciary Net Position

As the City is prefunding with an OPEB trust, Plan Fiduciary Net Position was \$1,214,492 at the June 30, 2023 measurement date. The City has assets accumulated in a trust that meets the criteria of GASB 75 to pay related benefits. Contributions are fixed and not based on a measure of pay.

#### Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The net difference between projected and actual earnings on OPEB plan investments is amortized using the straight-line method over five years, while all other amounts are amortized over the expected average remaining service lifetime (EARSL) of plan participants.

#### K. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2024, the City recognized OPEB expense of \$413,009. As of the fiscal year ended June 30, 2024, the City reported deferred outflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources
Differences Between Expected and Actual			
Experience	\$	523,028	\$ (662,299)
Changes in Assumptions		1,441,279	(4,063,476)
Net Difference Between Projected and Actual			
Earnings on Plan Investments		-	(9,806)
Contributions to OPEB Plan Subsequent to the			
Measurement Date		704,554	 
Total	\$	2,668,861	\$ (4,735,581)

#### NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

## K. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB (Continued)

The \$704,554 reported as deferred outflows of resources related to contributions subsequent measurement date will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2025. Other amounts reported as deferred outflows or inflows of resources related to OPEB will be recognized as expense as follows:

Fiscal Year Ending June 30,	 Expense
2025	\$ (389,711)
2026	(303,069)
2027	(220,692)
2028	(619,420)
2029	(620,267)
Thereafter	 (618,115)
Total	\$ (2,771,274)

#### NOTE 9 INSURANCE

The City is partially self-insured for general liability insurance. The City is responsible for claims up to \$100,000 per occurrence. Coverage in excess of the City's self-insured retention is purchased through Public Risk Innovation, Solutions, and Management (PRISM) up to the statutory limits. The City participates in a risk pool for general liability insurance through PRISM above the City's self-insured retention (SIR) of \$100,000 up to \$4,900,000 per occurrence. Reinsurance coverage in excess of the pool layer up to \$25,000,000 is purchased through PRISM. PRISM retains responsibility for claims in excess of each member's self-insured retention.

The City paid \$1,608,796 in insurance premiums for General Liabilities, \$1,012,119, Workers' Compensation, \$451,317, Property Program \$126,938, Cyber Liability Program \$9,408, and Employee Assistance Program of \$9,014. There were 24 General Liability claims in total, amounting to \$754,917. For workers' compensation insurance, the City is covered from the first dollar. Coverage between \$1 and \$5,000,000 is provided by PRISM. PRISM participates in an excess pool which provides coverage from \$5,000,000 to \$50,000,000 and purchases excess insurance above \$50,000,000 to the statutory limit. There were 67 Workers' Compensation claims in total, amounting to \$1,677,840.

Workers' compensation and general liability claims incurred prior to July 1, 2014 were covered through the City's participation in the California Joint Powers Insurance Authority (CJPIA). The City paid a one-time fee of \$1,489,285 for retrospective adjustments for settled Workers' Compensation and General Liability Claims from cases from fiscal years 2013-14 and older that were settled by the CJPIA from fiscal years 2013-14 through 2021-22.

#### NOTE 9 INSURANCE (CONTINUED)

A reconciliation of changes in aggregates for claims filed in the current and prior fiscal years are as follows:

	Beginning of Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	End of Year Liability	Amounts Due within One Year	Amounts Due in more than One Year
Workers' Compensation:				•		
2022-2023	1,186,000	2,035,727	(1,703,727)	1,518,000	1,518,000	-
2023-2024	1,518,000	2,209,809	(1,757,809)	1,970,000	1,970,000	-
General Liability:						
2022-2023	1,111,000	3,496,798	(3,402,798)	1,205,000	1,205,000	-
2023-2024	1,205,000	1,518,694	(1,167,694)	1,556,000	1,556,000	-

#### NOTE 10 COMMITMENTS AND CONTINGENCIES

Due to the occurrence of several spills from the City's sanitary sewer system, the City entered into a settlement on November 16, 2011, with the Regional Water Quality Control Board (RWQCB), Los Angeles Region and the state Attorney General for violations of the state's general waste discharge requirements. The settlement required the City to cover fines and attorney fees, complete repairs to its sanitary sewer system over a 10-year period, and implement specified system maintenance programs. These requirements will be monitored through an open court proceeding and, if not met; the City could be subjected to further monetary penalties. Several years ago, the City undertook a comprehensive sewer infrastructure improvement program to implement the requirements of the Consent Judgment. In 2019, a Project Completion Report was submitted to the RWQCB, however, the 2019 report did not include a list or description of all the projects listed in the Consent Judgment that have been completed. Presently, City staff are utilizing the services of a consultant to provide RWQCB additional information to resolve discrepancies between the Consent Judgment and the completed sewer rehabilitation work documented as well as clarify sections noted in the 2019 Project Completion Report. The City awarded a 6-year sewer video and cleaning contract in July 2025 of which part of the scope will include locations noted in the Consent Judgment. Through the date of this report, the City continues to work with the RWQCB to provide required analysis and updates of work identified in the Consent Judgment. No additional monetary penalties have been incurred by the City.

## NOTE 11 SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER COMMUNITY REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 (the Bill) that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City of South Pasadena that previously had reported a community redevelopment agency within the reporting entity of the City as a blended component unit.

## NOTE 11 SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER COMMUNITY REDEVELOPMENT AGENCY (CONTINUED)

The Bill provides that upon dissolution of a community redevelopment agency, a "successor agency" is to be established to hold the assets until they are distributed to other units of state and local government. On January 4, 2012, the City Council elected to become the Successor Agency for the former community redevelopment agency in accordance with the Bill as part of City resolution number 7205.

After enactment of the law, which occurred on June 28, 2011, community redevelopment agencies in the State of California cannot enter into new projects, obligations, or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

Successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former community redevelopment agency until all enforceable obligations of the prior community redevelopment agency have been paid in full and all assets have been liquidated.

#### **Cash and Investments**

At June 30, 2024, Cash and investments reported in the accompanying financial statements consisted of the following:

Cash and Investments Pooled With the City	\$ 192,439
Cash and Investments With Fiscal Agent	 199,255
Total	\$ 391,694

#### **Long-Term Debt**

The following is a summary of changes in long-term liabilities for the year ended June 30, 2024:

	Beginning Balance Additions						Ending Balance	Due Within One Year			
2000 Tax Allocation Bond	\$	360,000	\$		_	\$	(175,000)	\$	185,000	\$	185,000

#### 2000 Tax Allocation Bonds

In July 2000, the Agency issued \$2,600,000 in tax allocation bonds for the Downtown Revitalization Project No. 1, which mature annually from May 1, 2001 to May 1, 2025, in increasing amounts from \$55,000 to \$185,000, plus interest at 4.4% to 6.0%, payable semi-annually on May 1 and November 1, commencing on November 1, 2000. Bonds are subject to redemption at the option of the Agency beginning May 1, 2010, at a price ranging from 102% to 100% of principal value. Debt service on the bonds is provided by incremental property tax revenues generated within the Downtown Redevelopment Project Area. At June 30, 2024, \$185,000 was outstanding.

## NOTE 11 SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER COMMUNITY REDEVELOPMENT AGENCY (CONTINUED)

#### Pledged Revenue

The City pledged, as security for bonds issued, either directly or through the Financing Authority, a portion of tax increment revenue (including Low and Moderate Income Housing set-aside and pass through allocations) that it receives. The bonds issued were to provide financing for various capital projects, accomplish Low- and Moderate-Income Housing projects and to defease previously issued bonds. Assembly Bill 1X 26 provided that upon dissolution of the community redevelopment agency, property taxes allocated to community redevelopment agencies no longer are deemed tax increment but rather property tax revenues and will be allocated first to successor agencies to make payments on the indebtedness incurred by the dissolved community redevelopment agency. Total principal and interest remaining on the debt is \$196,100 with annual debt service requirements as indicated above. For the current fiscal year, the total property tax revenue recognized by the City and Successor Agency for the payment of indebtedness incurred by the dissolved Community Redevelopment Agency was \$178,706 and the interest expense on the bonds was \$23,450.

The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2024, including interest are as follows:

<u>Year Ending June 30,</u>	<u>-</u>	Principal		nterest	lotal		
2025	\$	185,000	\$	11,100	\$	196,100	
Total	\$	185,000	\$	11,100	\$	196,100	

#### Insurance

The Successor Agency is covered under the City of South Pasadena's insurance policies. Therefore, the limitation and self-insured retentions applicable to the City also apply to the Successor Agency. Additional information as to coverage and self-insured retentions can be found in Note 8.

#### NOTE 12 DEFICIT FUND BALANCES

The following funds have deficits in fund balance at June 30, 2024:

Fund	 Amount		
Nonmajor Governmental Funds:	 		
Special Revenue Funds:			
Rogan HR 5294 Grant	\$ (132,098)		
County Park Bond	(23,532)		
MSRC Grant	(306,925)		
CDBG	(49,038)		
Homeland Security Grant	(44,369)		
HSIP Grant	(810)		

The City intends to fund these deficits with future revenue, transfers, and reductions of expenditures in future years.

#### NOTE 13 NET INVESTMENT IN CAPITAL ASSETS

The net investment in capital assets category of net position is comprised of the following:

#### Notes:

#### Changes in Benefit Terms

There were no changes to benefit terms that applied to all members of the Public Agency Pool. Additionally, the figures above do not include any liability impact that may have resulted from Golden Handshakes that occurred after the June 30, 2021 valuation date, unless the liability impact is deemed to be material to the Public Agency Pool.

#### Changes in Assumptions

Effective with the June 30, 2021 valuation date (2022 measurement date), the accounting discount rate was reduced from 7.15% to 6.90%. In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated, combined with risk estimates, and are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return. In addition, demographic assumptions and the inflation rate assumption were changed in accordance with the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. There were no assumption changes for 2021. For 2020, the Plan adopted a new amortization policy effective with the 2019 actuarial valuation. The new amortization policy shortens the period over which actuarial gains and losses are amortized from 30 years to 20 years with the payments computed as a level dollar amount. In addition, the new policy does not utilize a fiveyear ramp-up and ramp-down on UAL bases attributable to assumption changes and non-investment gains/losses. The new policy also does not utilize a five- year ramp-down on investment gains/losses. These changes apply only to new UAL bases established on or after June 30, 2019. There were no changes in assumptions in 2019. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate in 2019. In 2017, the accounting discount rate was reduced from 7.65% to 7.15%. In 2016, there were no changes in the discount rate. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5% (net of administrative expense) to 7.65% (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5% discount rate.

#### Notes:

Changes in assumptions: Discount rate increased from 2.16% at June 30, 2021 to 3.79% at June 30, 2022.

Historical information is required only for measurement periods for which GASB 75 is applicable. Future years' information will be displayed up to 10 years as information becomes available.

The City does not have assets accumulated in a trust that meets the criteria of GASB 75 to pay related benefits. Contributions are fixed and not based on a measure of pay.

\*Fiscal Year 2017-18 was the first year of implementation

#### CITY OF SOUTH PASADENA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2024

#### NOTE 1 GENERAL BUDGET POLICIES

Budgetary control is an essential element in governmental financial reporting. The City, a general law city in the state of California, does not legally require a budget. However, the City Council adopted budgets for the General, Special Revenue, and Capital Projects Funds with the exception of the Measure H, Prop C Exchange, MTA Pedestrian Improvement, Gold Line Mitigation, Rogan HR 5294 Grant, and BTA Grant Special Revenue Funds.

To facilitate a greater understanding of the City's operations, budget information for the General, Special Revenue, and Capital Projects Funds is included in the accompanying basic financial statements. This detailed budget document is published and is a matter of public record. Each year, the City Manager submits his proposed budget to the City Council. The City Council holds public hearings and may modify the appropriations by majority approval. The legal level of expenditures is controlled at the fund level and operating appropriations lapse at the end of each fiscal year. All budgeted amounts are reported on the same basis as the fund types and adopted on a basis consistent with accounting principles generally accepted in the United States of America. Changes in appropriations at the fund level during the year must be submitted by the City's departments for City Council review and approval. The City Manager may, without Council approval, amend individual line items within any fund and between divisions and programs, in personnel costs, maintenance and operations, capital outlay, and capital projects portions of the budget without increasing total appropriations for that fund. Department heads may, without Council approval, amend individual line items within any fund in the maintenance and operation portions of the budget without increasing total appropriations for that division.

#### **SUPPLEMENTARY INFORMATION**

#### CITY OF SOUTH PASADENA NONMAJOR GOVERNMENTAL FUNDS\*

#### **Special Revenue Funds**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

- \*201 MTA Pedestrian Improvement Fund To account for MTA grants used for the Fair Oaks/Mission pedestrian improvement projects which include pedestrian accessibility, widened bikeways, landscaping, lighting modification and aesthetics.
- **205 Proposition A Local Return Fund** To account for all revenues and expenditures associated with the one-half cent sales tax approved by Proposition A in 1980. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.
- **207 Proposition C Local Return Fund** To account for all revenues and expenditures associated with the one-half cent sales tax approved by Proposition C in 1990. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.
- \*214 Rogan HR 5294 Grant Fund To account for the revenue and expenditures associated with the 110 FWY Hook Ramp Project funded by Rogan grant.
- **215 Street Lighting and Landscaping Fund** To account for the costs associated with the City's street lighting and median landscaping programs. These costs are deemed to benefit all property owners who are assessed their proportionate share of the costs. These assessments are placed on the property tax bill and collected and remitted to the City by the County of Los Angeles.
- **218 Clean Air Act Fund** To account for revenues and expenditures expended for air quality improvement projects as established by the South Coast Air Quality Management District.
- **220 Parking and Business Improvement Tax (BIT) Fund** To account for business improvement tax returns collected by the City for specified purposes within the Parking and Business Improvement Area: (1) decoration of any public place, (2) promotion of public events; (3) furnishing of music; and (4) general promotion of retail trade activities.
- \*223 Gold Line Mitigation Fund To account for the MTA's funding for the improvements to the Gold Line Mission Street Station.
- **226 Mission Meridian Public Garage Fund** To account for the revenues and expenditures of the Mission Meridian Public Garage.
- **230 State Gas Tax Fund** To account for all state gas tax related revenues and expenditures, including street repair, reconstruction, and maintenance. State law requires these gasoline taxes to be used to maintain the City's street and highway system.
- **232 County Park Bond** To account for the revenues and expenditures for the County Park Bond related improvements.

## CITY OF SOUTH PASADENA NONMAJOR GOVERNMENTAL FUNDS\* (CONTINUED)

#### **Special Revenue Funds (Continued)**

- **255 Capital Growth Requirements Fund** To account for fees paid to the City for building development to be applied towards the costs of public facilities improvements.
- **260 Community Development Block Grant (CDBG) Fund** To account for the revenues and expenditures for Community Development Block Grant projects.
- **270 Asset Forfeiture Fund** To account for proceeds received from forfeiture in narcotics investigations allocated for law enforcement activities.
- **239 Measure W Fund** To account for all revenues and expenditures associated with improving conditions of stormwater runoffs funded by parcel tax.
- **272 State Police Grant Fund** To account for revenue and expenditures for frontline police services funded by COPS (AB 3229) grant.
- **274 Homeland Security Grant Fund** To account for revenue and expenditures the operations of police equipment and conferences funded by Homeland Security.
- **275 Park Impact Fees Fund** To account for the proceeds of a development fee used for the purpose of park facilities improvements and related expenditures.
- **233 Measure R Fund** To account for all revenues and expenditures associated with the one- half cent sales tax approved by Measure R in 2009. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.
- **236 Measure M Fund** To account for all revenues and expenditures associated with the one-half cent sales tax approved by Measure M in 2016. All revenues of this fund must be expended for transportation-related items as established by the Los Angeles County Transportation Commission.
- \*208 ISTEA/Metro Grant Fund To account for all revenues and expenditures associated with the Intermodal Surface Transportation Efficiency Act (ISTEA). All revenues of this fund must be expended for transportation-related items.
- **217 Public Education Fund** To account for revenues and expenditures used for public education and government access charges that the City's cable franchise collects. Monies in this fund must be used to purchase equipment related to the production of public education and government access television.
- **237 Road Maintenance and Rehab Fund** To account for all revenues and expenditures associated with State Gas Tax SB1.
- **238 MSRC Grant Fund** To account for the revenues and expenditures for the Mobile Source Air Pollution Reduction Review Committee projects.
- \*241 Measure H Fund To account for the revenues and expenditures for the "Los Angeles County Plan to Prevent and Combat Homelessness" for the specific purposes of funding homeless services and short-term housing.

## CITY OF SOUTH PASADENA NONMAJOR GOVERNMENTAL FUNDS\* (CONTINUED)

#### **Special Revenue Funds (Continued)**

- \*242 Prop C Exchange Fund To account for all revenues and expenditures associated with competitive Metro Grant for eligible transportation projects.
- \*248 BTA Grant Fund To account for the revenues and expenditures for the Bicycle Transportation Account (BTA) grant funded by the Los Angeles County Metropolitan Transportation Authority. This grant was awarded to fund two projects from the City's Bicycle Master Plan: the Mission Street Green Sharrow Lane Project and the South Pasadena Bicycle Parking Project.
- **228 Housing Authority Fund** To account for the revenues and expenditures for the City of South Pasadena Housing Authority.
- \*249 Golden Streets Grant Fund To account for the revenues and expenditures for the open streets grant funded by the Los Angeles County Metropolitan Transportation Authority. The goals of the Open Streets Grant Program are to provide opportunities for 1) riding transit, walking, and riding a bike, possibly for the first time, 2) to encourage future mode shift to more sustainable transportation modes, and for 3) civic engagement to foster the development of multi-modal policies and infrastructure at the city/community level.
- **277 Highway Safety Improvement Program Grant (HSIP) Fund** To account for revenues and expenditures related to street improvements funded by the grant.
- \*276 Historic Preservation Grant Fund To account for revenues and expenditures related to historic preservation grant funds.
- **213 SB2 Planning Grant Fund** To account for state funding to help implement plans and process improvements that streamline housing approvals and accelerate housing production.
- \*267 OPIOID Settlement Fund To account for opioid settlements aimed to provide financial resources to local government.
- \*278 LEAP Grant Fund The Local Early Action Planning (LEAP) grant is a State grant to fund a portion of the preparation of the 6th Cycle 2021-2029 Housing Element.
- \*296 Public Arts Fund To account for funds received from development projects within the City that require public artwork or dedicate funds to support public art.
- \*245 Bikeway Fund To account for the revenues and expenditures for bike and pedestrian facilities improvements funded by the State of California Transportation Development Act.
- **206-State and Local Recovery Fund (SLRF)** To account for all revenues and expenditures associated with this State fund.

## CITY OF SOUTH PASADENA NONMAJOR GOVERNMENTAL FUNDS\* (CONTINUED)

#### **Capital Projects Funds**

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

- **105 Facilities and Equipment Replacement Fund** To account the replacement costs of City vehicles and equipment.
- \*106 Technology Surcharge Fund To account for the funding collected through the City's Technology Fee Surcharge intended for acquiring and maintenance of a permitting software system.
- \*327 2000 Tax Allocation Bonds Fund To account for capital expenditures for improvements funded by the bonds formerly held by the Successor Agency to the Community Redevelopment Agency.
- **104 Streets Improvement Program Fund** To account for capital expenditures related to street improvements projects.
- \*209 Carlyle Library Bequest Fund To account for funding received from the Carlyle Estate intended for Library improvements.
- **400 Capital Improvement Program Fund** To account for revenues and expenditures related to all capital improvement projects.

<sup>\*</sup>Note that no budget was adopted for these funds.

#### STATISTICAL SECTION

#### CITY OF SOUTH PASADENA STATISTICAL SECTION

The statistical section of the City of South Pasadena's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information say about the City's overall financial health.

CONTENTS	Page
Financial Trends	116
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	122
These schedules contain information to help the reader assess one of the City's most significant local revenue source, the property tax.	
Debt Capacity	127
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and its ability to issue additional debt in the future.	
Demographic and Economic Information	132
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	136
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs.	

Source: Unless otherwise noted, the information in the schedules is derived from the annual financial comprehensive reports for the relevant year.

#### Notes:

In 1978 the voters of the state of California passed Proposition 13 which limited taxes to a total maximum rate of 1%, based upon the assessed value of the property being taxed. Each year, the assessed value of the property may be increased by an "inflation factor" (limited to a maximum of 2%).
