Official Update on the Fiscal Year 25-26 Street Improvement Project

March 12, 2026

We are pleased to provide an update on the City of South Pasadena's ongoing project to enhance multiple street segments during the 2025-2026 Fiscal Year. This project is a comprehensive effort to improve our neighborhood infrastructure with smoother road surfaces, brand-new water mains, sewer repairs, and the reconstruction of concrete sidewalks, curbs, and gutters. Construction began in September 2025 and is expected to continue through mid-summer of 2026.

Construction Areas

Work is currently scheduled or underway on the following streets:

- **Arroyo Verde Road** (from Marmion Way to Monterey Rd)
- **Glendon Way** (from Lyndon St to Monterey Rd)
- **Mill Road** (from Garfield Ave to End)
- **Milan Avenue** (from Oak St to Edgewood Dr)
- **Edgewood Drive** (from Milan Ave to Wayne Ave)
- **Pine Street** (from Meridian Ave to Ramona Ave)
- **Oneonta Knoll Street** (from Fremont Ave to Primrose Ave)
- **Maple Street** (from Fremont Ave to Primrose Ave / from Meridian Ave to Huntington Dr)

Project Status & Progress

Since the last update on February 26, 2026, the City's contractor, Gentry Brothers, Inc., has been performing water infrastructure and concrete improvements. Water infrastructure installation began on Pine Street, and the removal and replacement of concrete sidewalks, driveways, curb and gutter began on Edgewood Drive, Milan Avenue, and Mill Road. Some locations that are being repaired have conflicts with tree roots; in response, the city arborist and a secondary arborist will provide recommendations on whether each tree can be preserved.

Over the next two weeks, the following improvements are anticipated:

- Concrete repairs will continue on Edgewood Drive and Milan Avenue. Concrete repairs on Mill Road will be completed once the arborists provide final recommendations for the existing trees.

- Sewer repairs on Edgewood Drive are scheduled to be completed during the week of March 16. Impacted residents have been notified that their sewer service will be impacted on Wednesday, March 18.
- Water service installation on Pine Street will restart on March 23.
- New water meters on Maple Street will be connected starting March 24.
- Water shut-offs are scheduled at the intersection of Maple Street/Primrose Avenue on March 19 and Milan Avenue/Oak Street on March 26.

Stay Informed

We understand that construction in your neighborhood can be a challenge, and we are committed to keeping you informed. As the project continues, **residents can visit SouthPasadenaCA.gov/Street-Improvement-Project** to view the construction schedule, specific work locations, and any expected service interruptions.

Please check back regularly for the most current information as we move toward completion. Thank you for your continued patience as we work to improve South Pasadena's infrastructure!
