NOTICE OF PUBLIC HEARING IN CONNECTION WITH PROPOSED ADJUSTMENTS TO THE MAXIMUM SERVICE RATES FOR SOLID WASTE SERVICES

July 16, 2025 • 7:00 p.m.

City Hall Council Chambers

1424 Mission Street • South Pasadena, CA 91030

See inside for complete details.

CITY OF SOUTH PASADENA

1414 MISSION STREET, SOUTH PASADENA, CA 91030 TEL: (626) 403-7210 • FAX: (626) 403-7211 WWW.SOUTHPASADENACA.GOV

NOTICE OF PUBLIC HEARING IN CONNECTION WITH PROPOSED ADJUSTMENTS TO THE MAXIMUM SERVICE RATES FOR SOLID WASTE SERVICES

Dear City of South Pasadena Customer/Owner of Record:

This notice is to inform you of a public hearing on proposed rate adjustments due to the implementation of a third waste stream/source-separated recycling collection services in the City of South Pasadena.

PUBLIC HEARING

NOTICE IS HEREBY GIVEN that on **Wednesday**, **July 16**, **2025**, **at 7:00 p.m.**, or as soon thereafter as the matter may be heard, the City Council of the City of South Pasadena will hold a public hearing in the Council Chambers of City Hall, 1424 Mission Street, South Pasadena, CA 91030, to consider approving proposed adjustments to the Maximum Service Rates ("Rates") for the collection, transfer, transportation, recycling, processing, and disposal of solid waste ("Solid Waste Services").

The public hearing will be conducted in accordance with California Constitution Article XIII D, Section 6 (also known as Proposition 218). This notice is being sent to record owners of properties in the City that are subject to the Rates and to tenants that are directly responsible for paying for Solid Waste Services. As a result, you may receive duplicates of this notice.

Please check the agenda for the July 16, 2025 City Council meeting once it is posted on the City's website for additional information about how you can participate in the public hearing. Currently, members of the public have the option to participate in City Council meetings in person or virtually via Zoom or written public comment.

THE PROPOSED ADUSTMENTS TO THE MAXIMUM SERVICE RATES -- CHANGES TO THE ANNUAL RATE ADJUSTMENT FORMULA

The City currently contracts with a private solid waste hauler, Arakelian Enterprises, Inc. (dba Athens Services) ("Athens"), to provide Solid Waste Services. On May 21, 2025, the City Council approved a first amended and restated agreement ("Amended Agreement") with Athens to add a third waste stream/source-separated recycling services to the current Solid Waste Services. The Amended Agreement will help ensure that the City complies with State law, including Senate Bill (SB)1383, the Short-Lived Climate Pollutant Reduction Act, and the SB 1383 Regulations, which require the City to provide organic waste collection services and meet organic waste processing requirements.

In connection with the City's current agreement with Athens, on October 2, 2024, following a public hearing, the City Council approved initial Rate increases effective on January 1, 2025, and a formula for adjusting the Rates on July 1, 2025, July 1, 2026, July 1, 2027 and July 1, 2028 without the need to hold additional public hearings. **The Amended Agreement will add a third waste stream/source-separated recycling collection services for all Solid Waste customers without an immediate increase to Rates.** Instead, the City is proposing a change in the current annual rate adjustment formula to cover the cost of providing the added recycling collection services. If the proposed Rate

adjustments are approved by City Council, Rates will not be adjusted on July 1, 2025 and July 1, 2026. In addition, the Rates may be adjusted on July 1, 2027, July 1, 2028, and July 1, 2029 using the new annual rate adjustment formula without holding additional public hearings. The Amended Agreement will not become effective unless the City Council approves the proposed Rate adjustments.

The current Rates and proposed Rates for additional optional recycling collection services are shown on the attached chart. Each Rate applies to a specific type and frequency of service, and is calculated by adding together the Operations Component, Disposal Component (if applicable), and the Franchise Fee Component. The Operations Component includes Athens' costs of collecting and transporting Solid Waste, the Disposal Component includes Athens' per ton costs of processing and disposing of Solid Waste, and the Franchise Fee Component is calculated as ten percent (10%) of the Rate.

If the new annual rate adjustment formula is approved by the City Council, on July 1, 2027, July 1, 2028, and July 1, 2029, without holding additional public hearings, the Operations Component may be adjusted by an amount not to exceed the percentage change in the Consumer Price Index for Trash and Garbage Collection (Trash CPI) for the immediately previous 12-month period (March through February) plus one percent (1%). For purposes of the adjustment, the Trash CPI is the Consumer Price Index for Trash and Garbage Collection Series ID: CUUR0000SEHGO2, Not Seasonally Adjusted, U.S. City Average as maintained and published by the United States Bureau of Labor Statistics, or its successor index. Also, the Disposal Component may be adjusted in proportion to the increase or decrease in costs as determined by the percentage change in gate rates or tipping fees (including but not limited to all taxes and surcharges) at the appropriate facility(ies) not to exceed the percentage change in the Trash CPI plus one percent (+1%), as described above. Therefore, on each July 1st from 2027 through 2029, each Rate may be adjusted by an amount not to exceed the percentage change in the Trash CPI plus one percent (+1%), as described above.

PROPOSED CHANGES TO SOLID WASTE SERVICES

Single-Family Customers (1-4 units) with Manual Barrel Collection Service will see no immediate changes to their current solid waste rates. In addition, the July 1, 2025 and July 1, 2026 annual rate adjustments will be waived and there will be no increases to Rates until the annual rate adjustment on July 1, 2027, which will use the new annual rate adjustment formula as described above. If the Amended Agreement becomes effective, Athens will provide these customers with a minimum of one thirty-two (32) gallon black barrel (for solid waste), one thirty-two (32) gallon blue barrel (for recyclables), one thirty-two (32) gallon green barrel (for organics), and up to four additional barrels, any combination of black, blue, or green, for a maximum of seven (7) barrels total. Additional Rates for barrels after seven are shown in the attached chart. The timeline of new barrel deployment is dependent upon approval of the proposed Rate adjustments. More information regarding new barrel deployment, old barrel collection, and new three-stream collection services will be provided to all customers prior to any changes.

Single-Family, Multi-Family, and Commercial Customers with Automated Bin (Dumpster) Service will see no immediate changes to their current solid waste rates. In addition, the July 1, 2025 and July 1, 2026 annual rate adjustments will be waived and there will be no increases to Rates until the annual rate adjustment on July 1, 2027, which will use the new annual rate adjustment formula as described above. If the Amended Agreement becomes effective, Athens will provide these customers with one ninety-six (96) gallon blue cart for recyclable materials, serviced one time per week, in addition to their current solid waste services. If these customers choose to increase the service level for recycling collection services by volume or frequency, additional Rates will apply as shown in the attached chart. These customers will also still be required to subscribe to organics collection services as required under the City's current agreement with Athens and the South Pasadena Municipal Code (Ch. 16, Art. 5). The timeline of new blue cart deployment is dependent upon approval of the proposed Rate adjustments. More information regarding new blue cart deployment and new three-stream collection services will be provided to all customers prior to any changes.

To view the complete current rate schedules, visit www.SouthPasadenaCA.gov.

If the proposed Rate adjustments are not approved, and the Amended Agreement does not become effective, Solid Waste Services will continue to be provided in accordance with the City's existing agreement with Athens. In addition, the Rates may be adjusted on July 1, 2025, July 1, 2026, July 1, 2027, and July 1, 2028 in accordance with the formula for adjusting Rates that the City Council approved on October 2, 2024.

PUBLIC HEARING AND PROTEST PROCESS

At the public hearing, the City Council will hear and consider all objections or protests to the proposed Rate adjustments. Any record owner of property subject to the Rates and any tenant that is directly liable for paying for Solid Waste Services (each, a "customer") may submit a written protest against the proposed Rate adjustments. If a parcel has more than one customer, only one written protest against the proposed Rate adjustments will be counted in determining the existence of a majority protest against the proposed Rate adjustments. A majority protest against the proposed Rate adjustments will exist if at the end of the public hearing, there are written protests submitted (and not withdrawn) by a majority of the customers subject to the proposed Rate adjustments. The City Council cannot adopt the proposed Rate adjustments if a majority protest exists.

How to Submit a Written Protest. To be counted in determining the existence of a majority protest against the proposed Rate adjustments, a protest must: (1) be in writing, (2) identify the parcel subject to the proposed Rate adjustments (by assessor's parcel number or service street address), (3) state opposition to the proposed Rate adjustments, and (4) include the name and original signature of the customer submitting the protest.

Written protests may be delivered in person to the City Clerk during the public hearing. Written protests may also be submitted prior to the public hearing by mail or personal delivery to the Office of the City Clerk at 1414 Mission Street, South Pasadena, CA 91030. Protests that are mailed or delivered to the Office of the City Clerk must be received (not postmarked) at City Hall prior to 12:00 p.m. on July 16, 2025 to be counted. Emailed and faxed protests will not be accepted.

If you have any questions regarding the proposed Rate adjustments or would like to view the current rate schedule, please contact the City of South Pasadena Public Works Department at (626) 403-7240 or visit www.SouthPasadenaCA.gov.

CITY OF SOUTH PASADENA PROPOSED SCHEDULE OF RATES

Rates may escalate on July 1, 2027, July 1, 2028, and July 1, 2029
