Re: Receive and File the Treasurer's Report for the Month Ending December 31, 2025

EXECUTIVE SUMMARY:

Attached is the Treasurer's Report for the month ending December 31, 2025. The report includes all the detailed information of the City, which are compliant with the City's Investment Policy.

FISCAL IMPACT:

The City's expenditure requirements for the next six months are covered by anticipated revenues from City operations and liquidity from maturing investments. The difference between market value and cost as of December 31, 2025, will be reflected in the City's financial statements for Fiscal Year 2025-26 as an adjustment to interest income for each of the City's funds on a pro rata basis as required by Governmental Accounting Standards Board Statement Number 31. The change in market value is considered temporary in nature, as the City mostly holds its investments until maturity, when they can be redeemed at par value.
