<p data-bbox="86 354 401 396">Spanish Mission</p> 	<p data-bbox="977 354 1812 625">Incorporates current design on OGP, many buildings in South Pasadena are Spanish mission design, lends itself to flat roofs behind parapets, and looks good with second floor balconies.</p>
<p data-bbox="86 659 625 702">Contemporary Brick Façade</p> 	<p data-bbox="977 659 1823 873">Matches building across from park, many brick façade buildings in South Pasadena, can have flat roofs, can incorporate second floor balconies.</p>
<p data-bbox="86 935 556 978">Modern cube and curve</p> 	<p data-bbox="977 935 1798 1149">Many examples in South Pasadena, iconic design, lends itself to flat roofs, easy to incorporate large glass windows in design and curved patios.</p>

<p data-bbox="92 268 710 315">Contemporary Stucco and Brick</p> 	<p data-bbox="981 268 1823 479">Lends itself to flat roofs, looks good with second floor balconies, lends itself to large window design, matches old town commercial look.</p>
<p data-bbox="112 632 645 672">Pattern Concrete and Glass</p> 	<p data-bbox="981 632 1831 843">Less expensive construction, good for large window design, excellent for small lot location where multiple stories are required, lends itself to flat roofs.</p>
<p data-bbox="92 996 490 1036">California Craftsman</p> 	<p data-bbox="981 996 1816 1150">Classic design, numerous examples in South Pasadena, could have flat roofs, but looks better with peaked roof lines.</p>
